U. S. Protests Against German Moratorium As Berlin Blames Jewry

Rich's Financial Flight is Blamed on Nazi Policies in Note Issued by Secretary of State Cordell Hull.

TRADE INCREASE PLAN

High German Official Cites Economic Independence and Says Nation Will Take Its Time.

Washington, June 29 (AP).—The United States protested today against Germany's moratorium on \$1,500,000,000 in obligations held by Americans, blaming the Reich's financial plight on Nazi policies.

Secretary of State Hull handed the German Charge D'Affaires a note last night which said:

"The German government is no doubt aware that its policies have created opposition in many parts of the world which has expressed itself in various trade conflicts and the probable reduction of Germany's capacity to transfer."

It was the first American move in a diplomatic campaign to modify drastic provisions in the moratorium whereby Germany suspended interest payments on external debts.

The United States recognizes that Germany's ability to pay has been limited by a shortage of foreign exchange, Hull said, but he hinted that if certain policies were modified, aid might increase, allowing Germany to pay.

Berlin, June 29 (AP).—A warning that a boycott on German goods would force this country toward complete economic independence came today while officials studied a United States note protesting the debt moratorium and blaming Nazi policies for it.

The government, a high official indicated, will take its own good time to study the note before deciding on a reply. No one has yet been given the Nazi press as to how to interpret Secretary of State Hull's declaration.

Brundage, however, without portfolio, told a meeting of German chambers of commerce abroad: "It has already been evidenced that a boycott by foreign countries carries a double-edged sword and Jews, by prompting such boycotts, are bringing threats of economic injury to the individual countries whose hospitality they enjoy."

Criticizing what he called efforts to interfere with the domestic situation of the third Reich, Hess said the German people could "restrict their use of foreign products until substitute products are available."

Experts are studying the Hull note last night.

"It is being given the careful consideration that a statesman of Mr. Hull's rank, a country of America's prominence and the detailed nature of the argument deserve," the spokesman said.

Brothers Hop Off On Flight To Warsaw

Benjamin and Joseph Adamowicz Leave on Projected Trans-Atlantic Flight to Their Ancestral Home.

Harbor Grace, Nfld., June 29 (AP).—Benjamin and Joseph Adamowicz, aviation's adventurous brothers, swung into the eastern sky shortly after dawn today on their projected trans-Atlantic flight to Warsaw, Poland, their ancestral home.

The wind was light and from the west, and the weather clear as they topped Harbor Grace airport at 6:26 a. m. (3:58 a. m. E.S.T.).

A report from New York, which arrived as they warmed the motor of their plane, predicted favorable conditions all the way across.

They set their big red, white and blue monoplane "Warsaw" down here late yesterday after completing a nine hour and 40 minute flight from Floyd Bennett Field, Brooklyn, N. Y.

Holger Holm, their flying instructor who hoped to Copenhagen in 1931 in the same plane—then named "Miss Liberty"—accompanied them as far as Harbor Grace.

Holm was the last of the well wishers to grasp their hands before they swept down the runway.

It was in the nature of a comeback—this flight to Warsaw—and the brothers were confident of reaching their goal.

Once before, they left Floyd Bennett Field bound, but their ship crashed up while landing last August at Harbor Grace.

Benjamin is 34 years old and married. Joseph is 39 and single. They have been flying since 1927.

The brothers were well-named the silent partners. They had hardly a word to say to anyone excepting Holm as they waited to take off, but they smiled their "thanks" to the well wishers.

And what food had been taken Benjamin Adamowicz simply said: "Twenty."

And the 610 gallons of gasoline—how long would it keep them in the air?

"About 48 hours," Ben said, "but we hope to make it in thirty."

HORSE SHOE STYLES MAY BE REGULATED BY CITY ORDINANCE

Corporation Counsel Matthew V. Cahill has been assigned the job of drafting an ordinance regulating styles in shoes worn by horses while using the city streets. It was brought out that the sharp corks on horses' shoes dig up the city streets, and members of the Board of Public Works Thursday evening decided that an ordinance should be adopted prohibiting the wearing of sharp corks on horses' shoes during the summer months from May 1 to October 1. A resolution that the corporation counsel draft the necessary ordinance was unanimously adopted by the board.

DAR Dedicates Monument to John Cantine

Boulder on Willseyville Highway at Brooktondale Is Unveiled in Memory of Caroline Pioneer—Descendant Delivers Address.

Reprinted from the Ithaca (N. Y.) Journal of June 25.

A boulder on the Willseyville highway at Brooktondale was dedicated Sunday in memory of Col. John Cantine while a large crowd of descendants, members of Cayuga Chapter D. A. R., and guests looked on.

After Bugler Remington R. Taylor had given the assembly call Mrs. John P. Matteson, regent of Cayuga Chapter, introduced the Rev. Clarence Reed Wolcott of Westfield, who gave the invocation. Mr. Wolcott is a great-grand-son of John Cantine. Mrs. W. W. Ellis led in the pledge of allegiance to the flag and Mrs. John D. Kinney in the singing of "The Star Spangled Banner."

Franklin W. Heath of Swarthmore, Pa., a former Ithaca, spoke of General Cantine as a "man of consequence, active in the affairs of the country and war of the Revolution; a trusted friend and adviser of George Washington. He was a representative in both branches of the state legislature and a member of the State Council of Appointment. He was elected a member of the Eighth Congress under Jefferson and was on his way to Philadelphia to take his seat when he was stricken with paralysis and obliged to return to his home in Ulster county."

"General Cantine was a delegate to a convention held in Poughkeepsie in 1788 to consider, on the part of the state, the ratification of the Constitution of the United States. Governor Clinton and his brother were also delegates from Ulster county," Mr. Heath continued.

Identified With Early Days.

"General Cantine was identified with the wild lands of the province of New York as early as 1767. About 1788 he, James Clinton and John Hathorn were appointed commissioners by act of legislature to visit the interior of the state to hear and determine the misunderstandings and quarrels arising from the squatters' and purchasers' claims of land to be allotted when surveyed."

"Early in 1800 General Cantine sent men to erect a grist-mill at Brookton Falls. Later in that year he came in person, leading a small party of young men from Ulster county who came to settle. In the same year he brought in a Yankee schoolmaster named Levi Slater, who bought of land. In 1801 he built a log house and settled down, which was named for him."

"John, Jr., the son of General Cantine and my great-grandfather, lived, when a young man, near Kingston at the home of his father. He married Jacqueline Cart, daughter of a Swiss emigre. A short time after his marriage John expressed the desire to settle upon a farm, whereupon his father offered him land at this spot or land upon the Chemung River where Elmira now stands. John preferred this location because of its water power and her therefore settled upon it."

"When the present town of Caroline was set off from Spencer, all preliminaries were agreed upon except a name. Finally it was proposed that the spelling book should be resorted to and when opened the first female name they saw in the list of words should be adopted as the name of the town."

"Caroline" Family Name.

"At the same time Dr. Joseph Speed and John Cantine promised that the next baby girls coming into their families should receive the same name. The book was opened and Caroline stared them in the face; and so the town was named. There has been a Caroline in my family ever since."

The Rev. James Cantine, D. D.

HITS DIE-HARDS

Laughs at "Prophecy of Calamity" and Stresses His Program of Security For All.

By FRANCIS M. STEPHENSON

Washington, June 29 (AP).—President Roosevelt's lashing of "die-hards" and pledge of a vaster New Deal promised today to resound in the campaigns for the fall elections. Friend and foe alike studied the latest "report to the nation" in which the President claimed "substantial gains," and again stressed his future program for "the security of the men, women and children of the nation."

Sitting in the oval room of the White House, in the steaming heat of a Washington summer, the President gave a radio talk last night in which he:

1. Praised Congress as the most unpartisan since the time of President Washington himself.

2. Cited statistics to show gains in wages, employment, farm prices and consuming power.

3. Struck at "plausible self-seekers and theoretical die-hards" who "tell you of loss of individual liberty."

4. Declared the "most vociferous of the doubting Thomases" are those who seek special political or financial privileges.

5. Said the toes of harmful self-seekers "are being stepped on and are going to be stepped on."

6. Re-affirmed his faith in what has come to be known as the "brain trust."

7. Promised protection against chiselers and "unfair skyrocketing" of prices in NRA's "process of evolution."

8. Again emphasized his huge, three-fold plan for "security" through providing better homes, planning land and water resources and social insurance.

The President said:

"A few timid people, who fear progress, will try to give you new and strange names for what we are doing. Sometimes they will call it 'fascism,' sometimes 'communism,' sometimes 'regimentation,' sometimes 'socialism.'"

"But, in so doing, they are trying to make very complex and theoretical something that is really very simple and very practical."

"I believe in practical explanations and in practical policies. I believe that what we are doing today is a necessary fulfillment of what Americans have always been doing—a fulfillment of old and tested American ideals."

Thermometer Records 110 Degrees in Sun

Who thought it wasn't hot today? The thermometer on the Connelly Drug Company store, which is hung outside in the direct rays of the sun at noon today registered 110 degrees, while thermometers hung in the shade registered from 90 degrees and up. Men shed their outer coats and shirtsleeves were in fashion. "Gosh, but it's hot today," was an expression heard on every hand as pedestrians halted to pass the time of day with friends.

Martha Hall of Rhinecliff, who is employed at the Kingston Hospital, is now a patient in the hospital as the result of being struck by an automobile driven by Miss Arlie Pettley of Bainbridge, N. According to the report filed with the police by Miss Pettley she was driving south on Broadway and that Miss Hall started to cross the street in front of the auto. Miss Hall received a broken collar bone and was lacerated about the face.

OVER SCORE OF DEATHS IN NEWEST HPT SPELL

(By The Associated Press)

More than a score of deaths were attributed today to stifling temperatures that scorched much of the continent from the Rockies to the Atlantic seaboard. Generally speaking, no immediate relief was in sight.

Of the mid-western states, Iowa apparently was the hardest hit, with six deaths, three due to prostrations and three to drownings. A maximum of 107 degrees was reached at Waterloo.

Many of the victims in other states died when they took to the water to escape the baking heat. Nebraska counted three dead; Illinois one; Maryland three; Michigan four; Ohio, four; western Pennsylvania three and Indiana two.

An all time heat record of 112 was registered at Mattoon, Ill. A heavy loss of livestock was reported from some of the drought stricken areas of the mid-west, and crops were withered and burned.

Fighting Units of the U. S. Navy Explained To the Kiwanis Club

Lieut. Commander Bartholdi Gives Interesting Description of War Vessels—Motion Pictures of Trip to Los Angeles Convention Enjoyed.

The purposes of the various fighting units of the U. S. Navy were explained briefly but interestingly by Lieutenant Commander Bartholdi to members of the Kiwanis Club at the Governor Clinton Hotel Thursday noon, when members of U. S. S. Talbot were guests of the club at a luncheon. Arthur Nalor of Gloversville also gave an address punctuated with motion pictures on the trip of New York delegates to the Kiwanis International Convention at Los Angeles, Cal., a year ago this month.

The speaker was brought to Kingston through William Byrne, Kiwanis delegate to the convention last year, who met Mr. Nalor on the trip. Captain Bartholdi explained that the battleship was the mainstay of the fleet, a type of craft heavily armored and able to give and take during the battle; the cruiser, he continued, is less heavily armored but has formidable fighting guns, is much faster than the battleship, and is the eye of the navy, and used in addition to harass commerce of the enemy. The aircraft carrier was listed as a scouting vessel, to direct firing and its planes were used as a protection when the enemy used planes to attack. The submarine he listed as a commerce raider, also to intercept large ships by use of its torpedoes. The destroyer, the type of craft on which the speaker was commander, was listed as a scouting craft, protector against submarine attack, as pickets, but the main job is to deliver a torpedo attack against the enemy. He explained that the destroyer was lightly armored and depended solely upon speed for protection. Even so, he said, that there was always a large number of the ships lost in an encounter.

Captain Bartholdi thanked the Kiwanians and people of Kingston for the hospitality extended the officers and men while they were here, and especially expressed appreciation to the mayor, who was present at the meeting, for his labor in making the Talbot's visit to Kingston one to be long remembered.

Mr. Nalor proved that as an amateur photographer he ranks high, his pictures giving a fine slant on the fun and beautiful scenery encountered on the trip to Los Angeles.

Paul Zucca led the songs for the day and his program was concerned with naval ditties and songs to the liking of the naval officers. Danny Bittner assisted at the piano.

It was announced that a golf tournament would be held a week from Saturday at the Wilkwyck course, and each member was asked to bring one who had never played the game before.

TREASURY RECEIPTS

Washington, June 29 (AP).—The position of the treasury June 27, was: Receipts \$80,669,073.67; expenditures \$62,844,255.82; balance \$17,824,817.85; customs for the month \$13,500,331.46. Receipts for the fiscal year (since July 1): \$7,088,213,281.58; expenditures \$5,969,357,702.70 (including \$3,908,527.84 of emergency expenditures); excess of expenditures \$3,321,744,421.12; gold assets \$7,845,607,352.74.

Plan Incinerator Plant In Kingston, Work To Be Done As TERA Project

Mayor Heiselman Told Public Works Board at Meeting Thursday Evening of The Proposal.

SUNDAY TENNIS

Board Favors It at Forsyth Park If The Arrangements Can Be Made.

An incinerating plant for Kingston may be erected here as a TERA project Mayor C. J. Heiselman told the members of the Board of Public Works at the regular monthly meeting at the city hall on Thursday evening. This plant would be used to dispose of the city's garbage. Other cities have incinerating plants and the question of one for Kingston has been considered at various times, but no action was ever taken owing to the cost of building a modern plant. With federal aid, however, the cost, it is said, would not prove excessive to the city. The project is now under consideration, and before any definite action was taken the matter would be taken up at a meeting of the public works board. The board held another lengthy session Thursday evening, and various matters were considered including steps to be taken to allow tennis to be played on the Forsyth Park courts on Sunday.

When Forsyth Park was leased to the city as a public park there was a provision inserted in the deed prohibiting Sunday games in the park, and a violation of that provision would cause the park to revert to the original owners. At the meeting Thursday evening it was stated that the Forsyth heirs favored Sunday tennis in the park, and the matter was referred to the corporation counsel to seek to take it up with them and have the original deed amended so as to allow Sunday tennis in the park.

The Boulevard Again

The board discussed the improving of the Boulevard and the secretary was instructed to write D. Z. V. Bogert, division engineer for the state, asking him to instruct the contractors to make the street passable during reconstruction.

St. Mary's St. Sewer

A petition from residents of St. Mary's street asking that a sanitary and storm water sewer be constructed at that street was referred to the local TERA.

Other Petitions

A petition from residents of Oak street asking to have that street resurfaced with Kyrack was referred to superintendent Norton to report back to the board.

Residents on Franklin street, between Clinton avenue and Furnace street, petitioned to have that part of the street crooked to conform with the block between Pine street and Clinton avenue. The petition was referred to the local TERA.

The Rat Question

At the last meeting of the board a communication from a rat catcher offering to kill off the rats on the city dumps was laid on the table. Since then no complaints have been received from residents residing in the vicinity of the dumps regarding rats and no action was taken Thursday evening on the proposition.

Contract for Gas

Several bids for supplying the board with 10,000 gallons of gasoline were opened. All of the bids were similar and the contract was awarded to the Kingston Oil Company whose bid was .0734 a gallon, plus \$12.36 freight.

Hours at the Parks

The board decided to change the hours of closing the city parks at night and the time was extended from 10 o'clock until midnight during the summer months. The new time schedule goes into effect July 1.

Uptown Parking Grounds

Superintendent Norton called attention to the condition of the uptown parking grounds which were badly in need of repairs. This is county property and the board instructed Mr. Norton to get in touch with the county superintendent of highways and suggest that the city would scarify and grade the parking grounds if the county would roll and oil it. By cooperating with the county the uptown merchants would be benefited as well as the automobilists who use the parking grounds.

It Was Also Decided to Oil the parking grounds around the Municipal Auditorium.

Asbes at Armory

A request was made to the board from the state armory authorities asking that the city collect the asbes from the armory. This is a state institution and some of the board believed it would not be fair to the taxpayers of the city to have the city ash collectors take up the asbes at the building.

It was brought out that the asbes from the new armory could be used to good advantage as fill, and the board decided to take it up with the armory authorities and see if the asbes could not be stored during the winter months and that the board would cart them away in the spring to be used for fill when needed.

Commissioner Rouch brought up the question as to what had been done regarding his suggestion in regard to having building inspectors. It was brought out that the city al-

PAROLED CRIMINALS ARE BACK IN TOILS

More Than 7,000 Arrested for New Crimes.

More than seven thousand paroled criminals were arrested for new offenses against society during the first quarter of 1934, the department of justice revealed recently.

In the three-month period alone, according to figures compiled by the United States bureau of investigation, 7,274 persons previously released from prison under present liberal parole laws were apprehended by police throughout the country for the commission of new crimes.

The figures were issued without comment by the federal crime detection agency, but they were widely interpreted as a tacit condemnation of the parole system as it operates to free hardened criminals before they have paid the full penalty for earlier offenses.

Analyze 7,274 Arrests.

More startling even than the disclosure that upwards of seven thousand paroled criminals were caught at new crimes in the short space of three months, however, was the bureau of investigation's breakdown of the 7,274 arrests.

In 5,202 cases, it was revealed, the criminal was arrested either once or twice during the period of his parole, and in 3,906 cases, before the expiration of the sentence given him for his earlier crime. In only 2,072 cases, the bureau stated, the records did not show an arrest within the parole period.

Arrested once for new crimes during the parole period were 873 convicts, according to the report, while 1,023 criminals were found to have been previously arrested while still on parole. In 2,076 cases the new offenses took place even before the prison terms originally imposed had expired, and in 1,230 cases an earlier crime was committed before expiration of the original prison sentence.

Majority Originally Convicted.

"The majority of those who were paroled were originally convicted of serious crimes," said the bureau's report, "and were arrested during the first quarter of 1934 on charges of a similarly serious nature. There were 159 individuals paroled, subsequent to convictions for criminal homicide."

Paroled convicts were by no means the only "repeaters" in the ranks of crime, according to the bureau's figures. Out of 37,917 arrested in the three-month period, 33,161 cases were found in which the arrested person had a previous criminal history.

Thirty-five per cent of the individuals whose arrest records were examined during the first three months of 1934 had previous fingerprint records on file in the bureau of investigation, the report declared. "The proportion having such previous fingerprint records varies with the offense from 38.1 per cent for those charged with violation of the narcotic drug laws to 19.3 per cent for those charged with criminal homicide."

Birds Fly Upside Down

Birds turn somersaults in the course of their aerial sports, for they are playful birds. At the moment of turning upside down, as if to celebrate the feat of flying, the birds utter a loud creak. The harrier goes into spins while in the air. Its body rapidly turning on its axis. As it is facilitated by its complete power over the air, it also indulges in turning upside down and in making sensational spiral dives. When snipe are engaged on their courtship flights, after circling high aloft one will occasionally sweep down to within a few feet of the earth and then turn completely on its back, carrying on upside down for several hundred feet. Lapwings, in the frenzy of their spring fever, can also perform this extraordinary feat of flying when inverted.

Naming Pennsylvania

Contrary to popular belief, Pennsylvania was not named for its Quaker founder, but in honor of his father, Admiral Sir William Penn. The elder Penn had loaned \$80,000 to Charles II, King of England, claims to which unpaid loan was inherited by the son upon his father's death. In repayment the younger Penn asked for a "tract of land in America north of Maryland." The request was granted, writes G. R. Turner in the Kansas City Times, after which he wrote as follows to his friend, Robert Turner: "This day my country was confirmed to me under the great seal of England, with large powers and privileges, by the name of Pennsylvania, a name the king would give it in honor of my father."

PINE HILL.
Pine Hill, June 25.—Mr. and Mrs. Foy and family have arrived from Pine Hill, Pa., to spend the summer months here.

About 25 of the scholars and members of the local Sunday school went to the picnic grounds at Deer's Tannery, above Lancaster, on Sunday, for the annual outing. Besides the lunch, ice cream cones were served, and transportation was provided for all.

A three-act play will be given at the local schoolhouse on Friday, July 6, for the benefit of the Methodist church of Pine Hill and Shandaken. The play, which is entitled "Mr. Loring's Anna," was given about two weeks ago at the town hall, and was a profitable venture for the Pine Hill group at Shandaken. Several of the cast are well known here.

Miss Winifred Smith has been engaged to her home for several days with glaucous inflammation on up by a slight infection.

Mrs. Gordon Ford and daughter, Audrey, are visiting Mrs. Ford's parents at Crystal Spring Farm, near Middletown.

The villagers are glad to see the Alpine Hotel open again. Much interest is expressed by a cast of page.

Arthur Gosses spent Saturday and Sunday with his sister, Mrs. James Furman, at Middletown.

Son Dons Sire's Mantle; Young Shackleton Outfits Oxford Arctic Expedition

London (AP)—A student of Magdalen College, Oxford, is to carry on the name of Shackleton in polar exploration.

He is Edward, 24-year-old son of Sir Ernest Shackleton, whose exploits were cut short 12 years ago by his death while on the way to the Antarctic.

San-Turns To Pole

The son is to seek his spurs, however, in the opposite end of the earth—in little-known Ellsmere Land in the Canadian Arctic.

An expedition which he has organized under the leadership of Dr. Noel Humphreys plans to leave London in July, sailing in a sealer chartered by young Shackleton from Norway.

The interior of Ellsmere Land is unexplored and the chief scientific work of the expedition will be a geological survey and mapping. The explorers plan to winter in the region and to devote next spring to northern Ellsmere Land. They expect to be away a year.

Shackleton, who strongly resembles his noted father in looks as well as in interests, is president of the Oxford University Exploration club under whose auspices the expedition has been launched with the support of the Royal Geographical Society and the Canadian government.

His principal interest is exploring the walls of his room at college, are covered with pictures of Arctic landscapes.

Confers With Old Timers
The last previous venture of the club was an exploration in Borneo from July to December, 1932.

For several months Shackleton has been busy learning from polar experts as much as he could concerning Polar equipment and conditions.

He has had conferences in Copenhagen with Dr. Laugel Koch, veteran Arctic explorer, and with the Greenland board. In Oslo he talked with Capt. Rittner Larsen, famous Arctic and Antarctic flier.

Ellsmere Land, to which the expedition is heading, next to Baffin Land, is the largest of the Canadian Arctic archipelago, the greater part of which is an Eskimo reservation. It is like a deep saucer, with interior lowlands flanked by coastal mountains.

IN FATHER'S STEPS

E. A. A. SHACKLETON

Edward A. A. Shackleton, son of the noted explorer, Sir Ernest Shackleton, is doing the organization work for a party of Oxford men who will explore in the Canadian Arctic this summer.

For a couple of months in the summer the interior is virtually free from snow and supports a variety of northern game.

Channels between the islands are shallow and often packed with ice, a circumstance which has been one of the chief obstacles to the long search for a northwest passage.

Zaro Agha, Old Man Of Turkey, Is Dead

Turkey's Methusalem, Who Claimed 160 Years, Dies By a Quirk of Fate—Boasted He Would Live Forever.

Istanbul, Turkey, June 29 (AP)—Death caught up today with Zaro Agha, Turkey's Methusalem who once boasted he would live forever.

The picturesque old man who claimed 160 years and felt deeply hurt when anyone doubted it died—by a quirk of fate—in the Children's Hospital.

For two months Zaro Agha, whose longevity brought him from obscurity to world fame and Broadway when he was "past 150," had been ill.

He was suffering from a variety of ailments, including Bright's disease and gland and bladder disorders. Physicians said a contributing cause to his death was worry over science's skepticism of his age.

Probably his proudest possession was a certificate purporting to show he was born in 1774—before the American colonies declared war on Great Britain.

Zaro had buried ten wives and had another desert him. Number 11 got angry six years ago when her aged husband decided he wanted a 12th wife—one young and pretty—and refused to come home after playing around in New York and London.

The number of children? Zaro boasted that at 96 his 36th offspring was born.

But the high spot of his life was a two-year jaunt through Europe and America.

Zaro claimed to be a teetotaler and came to America, some said, on funds supplied by a temperance organization. He wore down far younger companions dashing around New York.

Despite his agility, Zaro couldn't

cope with Broadway traffic. A taxi cab got him and seriously injured him.

When he finally set sail he was \$6,000 in debt but had had a fine time.

SOUTH ROUNDOUT

South Roundout, June 29—Mrs. Andrew Beshock and daughter, Mrs. Lawrence Murphy, and son, Sonny, motored to Albany on Tuesday.

Russell Maurer of New York is spending a few days at his home on Second street.

Mrs. Josephine Rotaling accompanied her daughter and son-in-law, Mr. and Mrs. Robert Brown, and son, Robert, Jr., on their return home to Passaic, N. J., where she will spend some time, and visit friends in Ohio.

Mr. and Mrs. John Wilson and daughter, Doris, motored to Delhi on Sunday, stopping at Margaretville while visiting the Rev. and Mrs. W. E. Gebhard and family.

Joseph Snyder piloted a tug to Albany on Tuesday.

Mr. and Mrs. Northmer Ryan of Palisade Park, N. J., were week-end guests of Mr. and Mrs. Nathan Cole. Mrs. Ryan and sister-in-law, and Mr. and Mrs. Cole motored to Haines Falls on Tuesday.

Anita Stengel, Mary Kenny, Julia Mancel and Helen Maurer are graduates of the Connelly school and will enter high school in the fall.

Miss Doris Chandler, daughter of the Rev. and Mrs. Chandler, graduated from the Margaretville High School on Wednesday. Friends from this place motored there for the occasion, among whom were Mrs. John Wilson and daughter, Doris.

Holiday Supper.

A supper will be served at the Reformed Church of Shawangunk on July 4, beginning at 5:30 p. m., until all are served. Menu includes half grape fruit, hot chicken, new potatoes, fresh beans, spiced cabbage, currant jelly, radishes, home-made bread, lemon meringue pie, coffee, iced tea. Ice cream and soft drinks for sale. Music by Zucca's orchestra.

TWENTY YEARS AFTER THE WORLD WAR

Marching, marching twenty years ago, to war; today to file past Adolf Hitler and give him a Nazi salute. Germany still seeks its place in the sun, though military defeat, political wrangling and financial troubles have clouded its efforts. Where the war lords sought "der tag" by fire and sword, Hitler preaches revival of German spirit.

This is the fifth in a series of six articles picturing conditions two decades after the shot that started the World War was fired June 28, 1914.

"Place In The Sun" Still Sought By Germany

Berlin (AP).—Twenty years after the German empire still determined to have its place in the sun.

In the years since Archduke Franz Ferdinand was assassinated at Sarajevo, Germany has seen its empire collapse, its republic fall under the stress of party discord and the beginning of a new march toward destiny under the regime of Adolf Hitler.

Just as in the days of Wilhelm II, a singleness of purpose is manifest in the nation. But whereas in 1914 Germany goose-stepped to the rhythm of a royal will which claimed a mandate "from above," she tramps now at the behest of a former paper hanger who says he governs by authority handed up "from below."

Swaggering Junkers.

In 1914 the German navy, in ships, personnel and equipment, was disputing Britain's traditional role of "mistress of the seas." Compulsory military service turned every able-bodied youth into a trained soldier. A military caste was in the saddle and mere civilians gave way on the sidewalks to swaggering junkers.

Every German capable of bearing arms knew where to report for his uniform and weapons if mobilization were ordered.

It was said by experts of that day that a push of a button would set the machine in motion.

The assassination at Sarajevo hastened the pressing of that but-

ton. Austria declared war. Russia, appealed to by Serbia as "the big Slav brother," told Vienna that Austro-Hungarian troops must not invade Serbia. Germany warned Russia and all other nations concerned not to interfere in Austria's disciplining of her small neighbor.

Came "Der Tag."

Count von Moltke, chief of Germany's grand general staff, quit his "cure" at Carlsbad, hastened to Berlin and poised his finger over the fateful button. He pushed it and "Der Tag" was foreseen by the junkers: "the day" when Germany would attain its "place in the sun."

Four years of strife wiped out that picture. For 15 years of political struggle have swung the pendulum of German psychology back to a point where something akin to a parallel exists.

"Behold! I am leading you to a glorious future," the kaiser told his legions in 1914.

Today Hitler and his associates utter the same thought.

New Approach.

Those in power then saw arms and battle as the route to that goal. But the Nazis preach discard of the "defeatist complex," exaltation of daily toil and revival of family life as the means of attaining equality before the world.

The reichstag stands empty. Imperial castles have become museums, the kaiser looks on from his exile in Holland.

But burghers still sip their beer and coffee of an evening in green bowers along the Spree and Paul von Hindenburg, in the calm of his 87 years, watches the fate of the nation.

Two big ambitions stand out before the people: To insure restoration of the Saar to Germany next January, and to make the 1936 Olympic games "truly German," meaning that home athletes shall win a majority of the events.

Next—The United States.

TIGER

By STERLING NORTH

What would you do? Suppose you were JERRY HARTFORD, 19, pretty, poor, but sassy and defiant and with a devil-may-care sweetness—suppose you had two foster children and a mother to support and then suppose your employer...

700 Boys, Girls At 4-H Congress

Albany, N. Y., June 29.—Approximately 700 farm boys and girls from 25 counties in New York state are gathered at the state college of agriculture for the 13th annual 4-H club congress, June 27 to 29. St. Lawrence county with fifty-five delegates leads in attendance, followed by Schuyler with fifty-four; Chemung has forty-four, and Nassau, thirty-seven.

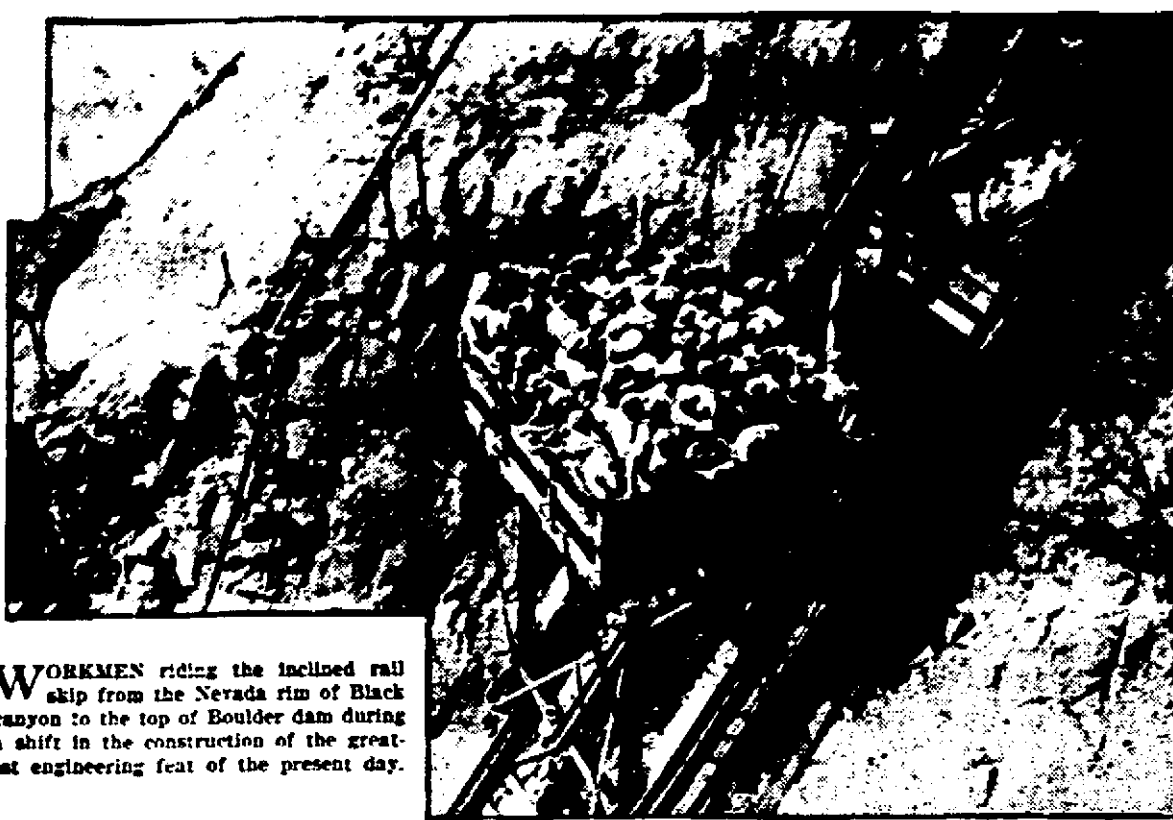

The three day program includes short courses in livestock, crops, forestry, farm shop, poultry, foods, clothing, and room improvement. In addition, the delegates compete in contests in milking, in candle-making, in poultry, in milk production and fireweight estimating, in wool identification and judging, in livestock judging, in tree identification, in judging foods, clothing, and room accessories, and in rope-making. Special events are on the program for leaders.

J. R. Simons, director of extension at the state college of agriculture and home economics, greets the delegates tonight at the general assembly. The whole group is entertained with a play by the Beaver 4-H club of Columbia county. The group holds its annual party Thursday night, and awards won in contests are presented at the assembly. Friday night, the assembly closes with a candle-lighting ceremony in which each county has two delegates. Recreation during the three days includes songs, dancing, games, stage plays, and supervised swimming. Attendance this year surpasses that of last year.

ALBERT MEMORIAL LIBRARY PERPETUATES THE BELGIAN ERA

Brussels (AP).—At the suggestion of King Leopold, the bulk of the funds being collected throughout the country for memorials to King Albert are to be bunched for a na-

tional library in Brussels.

As originally planned, the money was to be used for a monument in Brussels and memorials in the chief towns of each of the nine provinces.

King Leopold's suggestion, which has been approved by the government, is that his late father's services would be commemorated best by a national library, erection of a

monument at Yser in accordance with the wishes of ex-soldiers and the marking of the Marche les Dames site where King Albert met his death.

Automobiles Should Be In Good Condition

Albany, N. Y., June 29.—As arrangements are made for touring on the Fourth of July, Charles A. Hartnett, Commissioner of Motor Vehicles, advises motor vehicles should be placed in good mechanical condition. Crowds of pleasure seekers on the highways will add to the hazards and make necessary driving with extreme care.

In recent years traffic accident deaths have exceeded gaspender fatalities on Independence Day. It is well to remember that there is greater danger, with more delay, in congested city thoroughfares, which tourists should avoid, if possible.

It is safer to plan vacation trips so that it will not be necessary to hurry and take chances. As many accidents are due to thoughtlessness, it is advisable to concentrate on driving, being mindful of other operators who may not be so careful.

A reliable car, good roads and a resolve to avoid speeding should make motoring a safe experience, and one should not pass too soon or in the wrong place. A steady moderate speed in the long run makes the best average.

Cautious handling of the car and observance of driving rules will tend to reduce the fatalities which make the Fourth a day of sorrow.

PLYMOUTH ANNOUNCES THE SPECIAL SIX

RECENTLY you read about important reductions in Plymouth prices. This week Plymouth again makes news.

It's the introduction of THE SPECIAL SIX... and it changes the whole picture in the low-price field.

When Plymouth announces a new model, thousands of people go to see it. We urge that you take a few minutes of your time and join them.

It will pay you to do this for two reasons. One of them is the car itself... and the other its price.

You'll find a big car... a new "luxury" model... with all the major Engineering Features that made Plymouth famous... yet a 4-door Sedan costs practically the same as comparable models of the very lowest-priced cars—WITHOUT ALL THESE FEATURES!

Consider that statement. Think what it means.

It means that without spending an extra penny, you can own this Special Six with Hydraulic Brakes... instead of a car with ordinary brakes.

It means that your family can ride surrounded and protected by a BODY OF SAFETY-STEEL... instead of the ordinary composite kind.

It means that you can have the added comfort of Individual Wheel Springing and patented Floating Power engine mountings. You get all four major features without paying a penalty.

And finally it means real pride of ownership.

For here is a smart automobile... with the luxury features people want. And the 4-door Sedan is priced at \$620 f. o. b. factory.

Today the prices of "All Three" low-priced cars are virtually the same. Don't buy blindfolded. Don't let "habit" rule your judgment. See this Plymouth Special Six at any Dodge, De Soto or Chrysler dealer.

SOVIET MACHINES WELL CONSTRUCTED

Mail Service Is a Surprising
Expense of Inefficiency.

Measur.—The Soviet Union in these days gives the foreign observer much the same impression as a long battle line where a general's troops are pushing the enemy forward in one silent while retreating in another.

Out of thousands of available snapshots of life and industry in this vast land, two may be taken to illustrate the point:

Recently there was held an exhibition of the products of Soviet industry under the "five year plan." When it is remembered that Russia, until the revolution, imported virtually all of its machinery save those made here under foreign supervision, the array of complicated machinery exhibited was impressive.

In one room, for instance, were moving picture cameras and projectors made by a factory in Leningrad. To a layman, at least, they appeared to be well made and modernly equipped. Nearby were models of Soviet tractors and other farm machinery appearing quite similar to American ones. There were examples of Soviet made textiles, not so perfect as those made abroad, but at least wearable.

In still another part of the building one saw a model, faithfully reproduced, of a modern Soviet air field. New and radical designs in aircraft were shown, as were a modern gold dredge and the newest, most powerful types of locomotives.

Now, it is difficult to realize that a nation which can build giant locomotives and complicated moving picture projectors must groan and sweat under the simple job of delivering mail. Yet that is exactly what the Soviet Union does. The newspapers are filled with protests about and criticisms of the mail service.

Recently an official was sent to inspect the post offices in Tashkent. His report on mail service there (which may or may not be worse than in the average town) was a surprising exposure of inefficiency.

Registered letters, he found, sometimes were not delivered for six or eight weeks after their receipt. Collections from the city mail boxes were irregular. Sometimes only 15 of the city's 50 mail boxes were cleared during the day.

The sorting of the letters in the post office was extremely slow. None of the post office officials seemed to know the correct rate for mail or parcel post.

Indian Mounds Opened on Shiloh Battlefield

Washington.—On the Civil war battlefield of Shiloh, an expedition of GWA workers, directed by Dr. Frank H. E. Roberts, Jr., of the Bureau of American Ethnology, Smithsonian Institution, has unearthed a group of Indian mounds of marked historic interest.

Located on a high bluff above the Tennessee river, the group is believed to have constituted an ancient refuge and ceremonial center. Within a radius of two miles, it was pointed out, are sites of six once-populous aboriginal villages.

Well protected on three sides by high bluffs and on the fourth by a palisade fence, the group is believed to have been a center for worship, refuge from floods, and civic government. Remains of what probably was an ancient temple were uncovered on one building site.

Larger mounds, Doctor Roberts said, disclosed no artifacts or skeletal material—a distinct peculiarity. However, under smaller mounds, traces were found of approximately 30 houses and, Roberts added, one small mound contained the bones of a man and a woman.

Date or identity of the tribal inhabitants has not been determined, although it is believed they were proto-Bushongians, from whom evolved the highly cultured Indians encountered by the first white explorers in the Gulf states.

Toy Banks Will Help Church Pay Its Bills

Oklahoma City.—Faced with the very earthy fact that money had to be raised to pay interest on a church mortgage, members of the Epworth Methodist church here thought of a novel idea to get the job done. They collected about 275 toy savings banks and are distributing them to families of the congregation. Each family will agree to place five cents in each bank daily.

Coloradoan Painted Himself Out of Jail

Fort Collins, Colo.—Carl Dunsay made his way out of the Larimer county jail with a weapon no more lethal than John Dillinger's now-famous wooden pistol.

Sentenced to serve fifteen days in jail for a traffic violation, Dunsay got out in two days by effective use of a paint brush. He painted landscapes and portraits for county officials and for the decoration of the jail.

His success in reducing his term inspired another prisoner, Don Chasen, to "do" a portrait of Sheriff George Shumaker in the hope he would get clemency. When he started the portrait he had seven months to serve.

Uncle Eben Gets His "Day"

"Day tells me a lot of things I can't understand," said Uncle Eben. "When I try to tell 'em right day gets worse and worse and when day is repeated day gets me" and he scratched his head and said "maybe right day is where a whole lot of do trouble is."

Stenographer—Well, what does that make me?
Mrs. Jones—His ex-stenographer.

The people who are doing their jobs best seem to be having a very good time.

Man—What's your idea of an ideal place for a vacation?
Friend—A place where the mosquitoes do not, and where neither the bees nor the hotel keepers sting you.

One of the worst jolts that comes to an editor is when he runs a political candidate's announcement and says nice things about him during the campaign and then has the candidate turn down the bill for his advertising after the election is over.

A reader of this Column of Piffle drops in to tell us that his nephew, aged 6, wrote his first letter home, after going away to boarding school. It ran:

"Dear Mum: I went to chapel yesterday and I went to chapel today, and will you please send me some boxing gloves?"

The fight to get the money leaves fewer scars than the fight at home over the division.

Hollywood Star—We've had the silent and now the talkies. I suppose the next thing will be the thinkies.

Her Rival—Let's hope not, dear; that would throw you out of a job for sure.

In spite of hot weather, it is to be hoped that all boys and girls will work hard in one direction during summer—learning to swim if they have not yet acquired the natural art. Local swimming pools provide an ideal opportunity for all who desire to learn.

Patient (at the end of her visit): I have known you so long, doctor, I do not intend to insult you by offering to pay you. But I have arranged a handsome legacy for you in my will.

Doctor—That's very kind. Now, please allow me to look at that prescription again. There is a slight alteration I would like to make in it.

Active people can't wait. Inert, sluggish ones can't do anything else.

Hubby—I can't raise \$100—that's all there is to it. I received notice this morning from my bank about being overdrawn.

Some folks spend their vacations at the shore or in the mountains, while others are content to remain within their means.

The summer love affair is like the coat of tan—it's only skin deep and soon wears off.

June Bride—Did you know what love was before you met me?
Her Hubby—Yes, but I didn't know what work was.

A cross section of responses by an audience as to what appears on the screen, is disillusioning, to say the least. Makes one a little retrospective.

Conditions in all lines are improving—Kingston girls on vacations report a big increase in proposals over last year.

Friend—Every Monday I pass your house I see your family washing in the yard.

Man—Sir, I'll have you understand my family wash in the bathroom.

Today's burdens we can carry, if we leave tomorrow's burdens for tomorrow.

HOMESPUN YARN

For bright clear jelly, cook the fruit juice rapidly.

Strong sunlight is likely to fade polished furniture, especially mahogany.

An electric fan placed near an open window in the kitchen helps to remove cooking odors.

Rubber rings for fruit jars should be new each year. Rinse them in boiling water before using, to remove the surface powder which may give an unpleasant flavor.

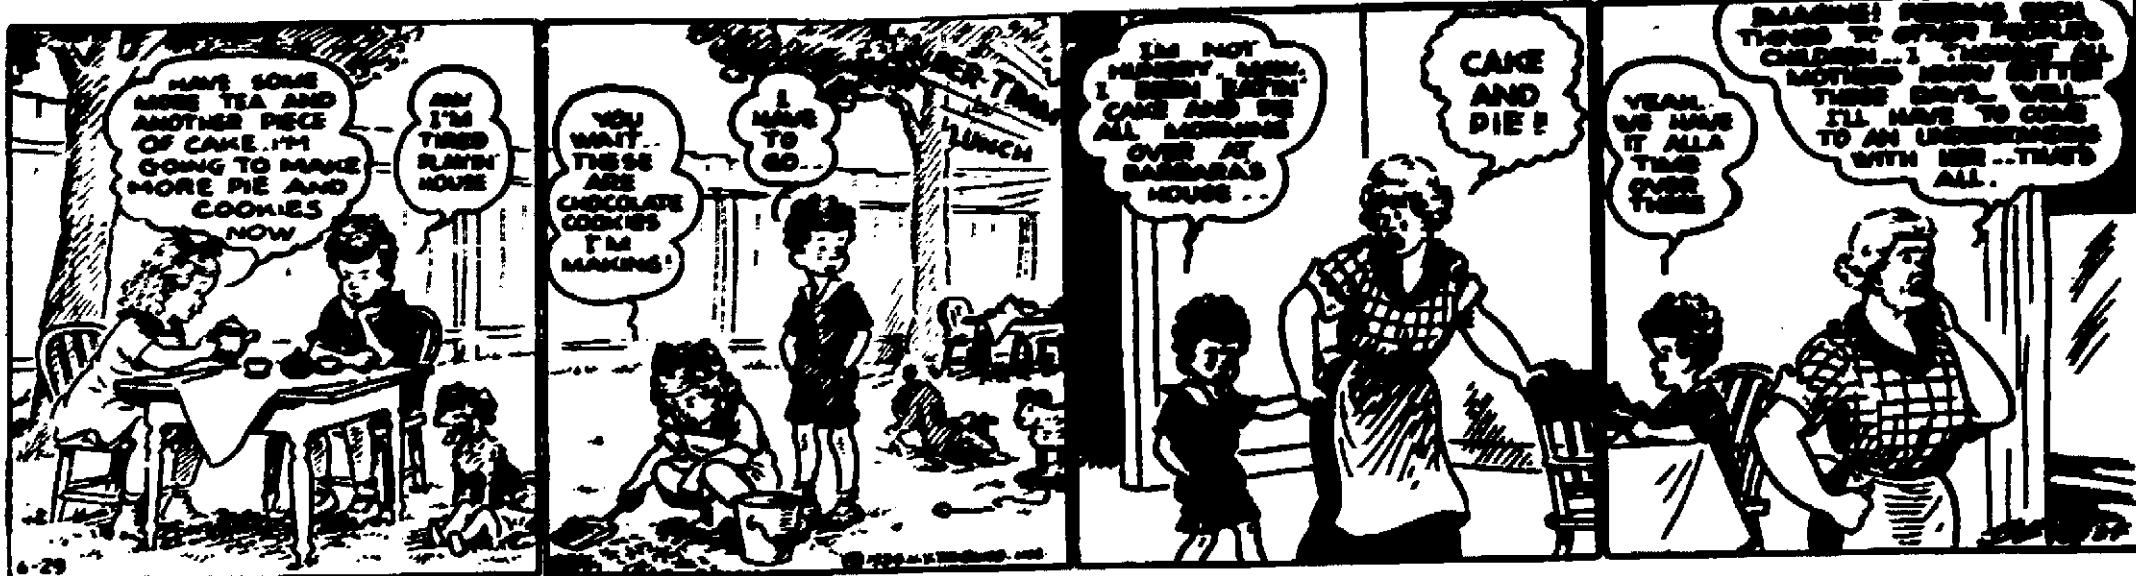

Select materials with a color-fast guarantee for children's dresses. Small prints and plaids look fresh longer than plain materials, which show every spot and wrinkle.

Cold water either inside or out is likely to cause a shock to a baby, warm and thrifty after his summer sunbath. It is better to sponge him with lukewarm water and give him a drink of moderately warm water.

Winter hats should be brushed thoroughly, stuffed lightly with crumpled tissue paper, and wrapped carefully before they are stored for the summer. Then they will be in good shape for another season.

GAS BUGGIES—Things To Worry About.

Washington Has Breathing Space Since The Departure Of Congress

By JEAN JARVIS

Special Correspondent of The Freeman Copyright, 1934

Washington, June 29—Trucks piled high with luggage whirling off to the railway terminals and touring cars speeding along the populous highways gave a vivid picture of the departure of the 73rd Congress.

As a background for the lively panorama stood a Washington not averse to letting down a bit after some pretty fast stepping. However, unless all signs fail, the end is not yet. Even though the President be off on the much discussed sea trip and Mrs. Roosevelt on the go and "off the record" after the manner of her heart's desire, the situation hereabouts is not devoid of interesting possibilities and developments.

Dominant factors in New Deal activities are digging in for a summer-long stop-over, while not a few persons of import in the general scheme of things are taking over summer homes nearby. Meantime the continued presence of such outstanding personages as the secretary of state and Mrs. Hull invites the arrival of any number of travelers of international note and distinction

who are making summer jaunts to the "exciting American republic."

Altogether, Washington is likely to have little more than a reasonable breathing space before life again takes on a fairly brisk tempo.

Such a scattering of the intimate group about the President is a novelty that is difficult for Washington to visualize. Off for Europe on a brief holiday trip sailed Miss Marguerite Le Hand, personal secretary to the President. All set for a holiday of sorts stands Stephen T. Early, of the White House secretarial coterie, as soon as the President and his sons start off aboard ship for Hawaii, Mr. and Mrs. Early and Mr. and Mrs. George R. Holmes are due for a sojourn at Spring Lake.

Mrs. Early and Mr. Holmes are to return about mid-July, while Secretary Early and Mr. Holmes will proceed to Toledo on a first stop in what may be a grand round of famous golf courses.

The vice president and Mrs. Garner, who got off to a grand start, propose to "stay put" throughout a summer and fall given over to home life among home folk.

Postmaster-General Farley is due for a start July 10 on a tour of inspection which will take him to the Pacific Coast and book him for a number of speeches.

Mrs. Swanson proposes to persuade

her husband, the secretary of the navy, to "take some time off", but how long the period or what the itinerary remains to be decided.

Various cabinet ministers and their households, notably the attorney general and Mrs. Cummings, the secretary of war and Mrs. Dern, and the secretary of the interior and Mrs. Ickes, are fortunately established in the wooded environs of Washington and are therefore due for a fairly comfortable, summertime sojourn. The secretary of labor, Miss Perkins, in the nature of current affairs is unlikely to be far from base any great length of time.

The assistant secretary of war and Mrs. Harry Woodring, currently receiving congratulation on the arrival of their first-born—a son likely to be christened Marcus Coolidge in compliment to his maternal grandfather, the senator from Massachusetts—are established for the summer in nearby Maryland. Early in the spring, the Woodrings took possession of his Lordship's Kindness, a charming colonial estate which they leased for the summer months from Mrs. Chandler Hale.

The speaker of the House and Mrs. Rainey, old-timers on the Washington scene, are taking their own good time before returning to their home in Illinois. The senator from Texas and Mrs. Morris Sheppard, who for the second time in a month had a wedding in their family this week, are still established here, as are the senator from Arizona and Mrs. Henry F. Ashurst. Representative Isabella Greenway, of Arizona, still holds forth at her Georgetown home, while the senator from Pennsylvania and

Mrs. David Alton Reed are due to start in a few days for the Huron Mountain Club in Michigan for a holiday prior to the opening of the fall campaign.

Relations between frontier guards and the civilian populations near this border town are noticeably better as a result of Anastasia Lichachsky's love for Timofey Grigoriev, a frontier guard.

POPPY DREAMS BARRED IN CHINA'S "NEW LIFE."

Nanking (AP)—In an effort to break down China's billion-dollar narcotic traffic, one of the worst evils in the country, General Chiang Kai-Shek, China's crusading leader, has forbidden opium smoking throughout the nation.

Offenders caught making, selling or smoking the poppy derivative will be rigorously punished.

This is part of the general "new life movement" which seeks the moral rebirth of the Chinese.

LONDONERS "LEFT" PENS FROM CITY POSTOFFICES

London (AP)—Londoners have a great affection for postoffice penholders and their stainless steel nibs, says Sir Kingsley Wood, postmaster-general.

Recently 75 of the largest post-offices in London were supplied with 1,300 penholders and 9,000 nibs. At the end of the month all that remained were 700 holders and 1,800 nibs.

One office managed to keep its total supply—because the pens were chained down.

Kingston: "Nana" With the biggest publicity built up since the coming of Dietrich, Anna Sten, new arrival from Russia, gets off to a noteworthy start in a story adapted from one of the novels of Zola. A Paris streetwalker, she lives through many tragedies and spots of happiness and is finally made a stage star. That is the plot, and the entire show revolves around the little lady, the other actors play to her, the sets are arranged for her best advantage, in fact nothing has been spared to see that she gets over with her American public in her very first film, for considerable money has been tied up in Miss Sten already. She makes the most of it, and proves her capabilities with a wealth of personality, beauty and a rich talkie voice. Richard Bennett, Phillips Holmes, Mac Clarke and Lionel Atwill are in the cast.

Orpheum: "Broken Dreams" and "Sagebrush Trail." How a little child can lead people into righteousness is the theme of the first feature, with little Buster Phelps in the leading role. Randolph Scott and Martha Sleeper are also in the cast. "Sagebrush Trail" is a John Wayne

western drama with plenty of peach and impossible situations. Broadway: "The Love Birds" and "Success At Any Price." Shm. In the first comedy feature, and Zola Pitts waves her hands in her plaintive style, and the show turns out to be pretty laughable screen fare. "Success At Any Price" offers Douglas Fairbanks, Jr., Genevieve Tobin, Colleen Moore and Frank Morgan in a success story picture that seems to get lost in the telling. Anyway, Fairbanks is a young advertising man with a desire to be wealthy and famous, and the plot wanders after that. A new serial, entitled, "Burn 'Em Up Barnes" is also an added feature. In the best tradition of the serials of years ago, this one hums along at a merry clip, with something doing all the time, and each scene leaves the heroine and hero in desperate circumstances. Lola Lane and Jack Mulhall head the cast.

Tomorrow
Kingston: "Operator 13" Marion Davies takes the role of comedy, song, and laughter for a change and branches off into straight drama with excellent results. Never a panic as a comedian, she is really brilliant in a story that gives her an opportunity of being an actress instead of a clown. The Robert W. Chambers story of Civil War days has been developed into a powerful and absorbing film, a show that blends romance, mystery, excitement and realism into motion picture worth seeing. Operator 13, Miss Davies plays an extraordinary role, and Gary Cooper, as the northern soldier sent to track her down only to fall in love with her, is silent and strong as a secret service man should be. The Mills Brothers, Jean Parker and Ted

Healy are all members of the large cast. The photography and general atmosphere is unusually good. "Young Eagles," a serial adventure film, will be an added feature. Orpheum: Same. Broadway: Same.

PORT EVEN

Port Even, June 29—Hope Lodge, No. 65, K. of P., will hold its regular meeting this evening. The M. E. Church block party was well attended Thursday evening and was a decided success. The cello solos by Mrs. J. T. Legg, the vocal solos by Mr. Cross and the music by the Firemen's Fife, Drum and Bugle Corps were thoroughly enjoyed and greatly appreciated by all. A number of out of town people were among those present. The regular meeting of the Boy Scouts will be held in the Reformed Church house at 7 o'clock this evening.

Pearls

Pearls of culture generally possess a finer structure than those of accidental growth. This is due to the smaller amount of organic matter which is consumed and secreted by the oysters, which live in well cleaned cages. "Natural" pearls contain on an average 2 per cent of water, but those of "culture" contain less than this, an important factor after the pearl has dried out.

DeWitts Accept Reunion Plans

The DeWitt Reunion Committee, William C. DeWitt, chairman, is in receipt of many acceptances from Pennsylvania to attend the family reunion July 4 at 1 p. m. at the DeWitt home, Wall street, where the Rev. G. D. B. Hasbrouck, city historian, will officiate, in behalf of the city, welcome the DeWitts, relatives and friends. Jacob W. DeWitt of Elizabethtown, Pa., writes to the committee: "Dear Friend and Bro: Just received a letter that the Hon. Mrs. A. DeWitt and family of Sunbury, Pa., will surely attend. He will address us on 'The Holland DeWitts'. The DeWitt family has an unbroken line of lineage on record at the Hague, Holland, back to 1295, business records back to 1204. A Dr. DeWitt was with Hendrick Hudson's exploring expedition sent out from Holland in 1609, first discovering New Netherlands (Hudson Bay, Manhattan Island and the Hudson river). Jacob DeWitt, Land Advocate of Holland, was over here in 1650. John DeWitt, Jr., Grand Pensionary of Holland, was over here in 1659. Tjerk Claessen DeWitt came over in 1648, married Barbara Andriessen in New York in 1656, settled in Wiltwyck (now Kingston) in 1659. Pieter Jansen DeWitt settled in America in 1652 and married Maritje Willems in 1652. Jan DeWitt settled in Long Island before that. Have other letters from Pennsylvania looking forward to viewing the Suydam and Beatty homestead on July 4. Just received a letter from Herbert B. Nichols, of the DeWitt family, 31 Summit avenue, New Rochelle, secretary of the Huguenot and Historical Association of Westchester county. Mr. Nichols and family will stop at one of the hotels in Kingston the night before. Also a letter from Mrs. J. S. Walker, Beasley, Texas, (Minnie DeWitt) descendant of Col. Abraham DeWitt (1812) son of Andries A. (War 1776) and seven sons. They enlisted from Ulster county. The Andries A. Branch of the tree is a big one and her letter will be interesting if time to read it at the reunion, many school teachers in the DeWitt line. You may look for another letter from me Saturday. I have been communicating for the committee urging many Pennsylvania and New York DeWitts to be present and the outlook is good for a large crowd." Jacob W. DeWitt, acting historian of DeWitt family in Pennsylvania.

John H. Beatty has improved so much in health that he and Mrs. J. H. Beatty and son, Harry Beatty, and Mrs. Harry Beatty have hospitably invited the reunion committee to hold the exercises on the Beatty lawn under the poplars planted by Tjerk Claessen DeWitt about 1676, in front of the homestead occupied by the Beatty family, also built by DeWitt and enlarged by his sons, Andries and Tjerk. So if the weather permits after the welcome at court house some addresses will be held on the Suydam farm, Hurley avenue, on the Beatty lawn. Mr. and Mrs. Elberon Smith, (Mrs. Smith, nee Gertrude Suydam) and daughter, and John Hasbrouck will be present, also, the present owners of the farm.

The committee requests that those of the DeWitt lines whose mothers, grandmothers, etc., not having filed their names as descendants of the DeWitts and whose family names

Brimming Over With Style

The two capelines illustrated above are both extremely large. The one above is of natural Milan, with the crown of brightly colored raffia flowers which are spaced to show the coiffure between. A twist and how of brown crepe satin ribbon is interlaced.

The other model is developed in shades of pansy purple. The hat is of lacquered palm straw, with a flange of deeper pansy purple velvet. To finish the shallow crown and to form the semi-spray on the brim, are tiny pansies.

Women in White—Hats

Paris—White hats in general are coming out strong in the sunshine. A good many are in white organdie, matching neckwear of the same fabric, such as a little flat "derby" which was noticed on smart women; like that suggested the Second Empire, and which was worn at a recent cocktail party, with a Patou dress which had a pleated white organdie collar. White eye veils on black, brown or beige hats have recently been noticed on smart women; like that suggested the Second Empire, and which was worn at a recent cocktail party.

consequently not listed kindly attend reunion and report their lines of lineage.

A ladies' reception committee is being formed to meet at the court house to greet the DeWitt clan. The personnel of this committee will be announced later by the reunion committee.

Scotch and Sailor

New York—Here's a sailor that must have been strongly under the influence of Scotch. Smart looking plaid, moss double breasted jacket, gab hat and all. It's a great year for plaids and, of course, for sailors.

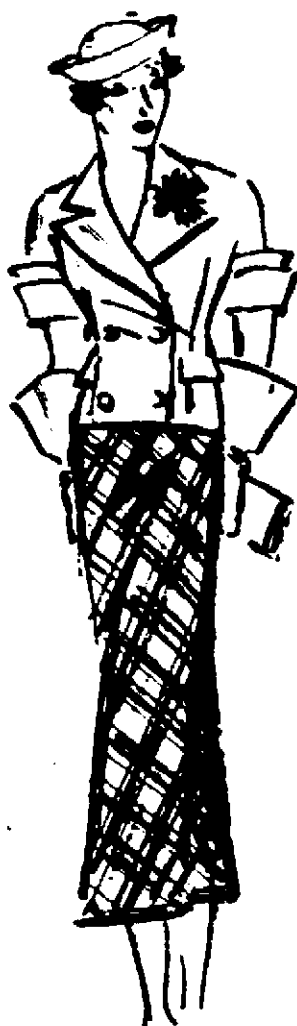

Plaids used to be regarded as something suitable for the school-room and for winter. Now grandmothers wear plaid, and in hot weather too. Not only grandmothers, but the entire family. Some of the swankiest cotton costumes of the year are plaid wholly or in part, usually in part.

A little plaid goes a long way usually, but this season is proving the exception. Everywhere one goes these nights to dance or dine there's a plaid dress, usually quite a gathering of plaids. They are especially liked in organdie which is up to all manner of intriguing tricks, not all of which are done by printing machines. The metallized organdies are very smart, and quite the newest thing. They are the forerunners of a long line of metallized fabrics just waiting for cool weather to appear.

Metal and other embroidered effects are coming in strong, especially for evening fabrics. The old reliable crepe embroidered frock got quite an ovation on its return. It is worn in white, pastels and dark shades, depending upon the occasion.

Among the outstanding successes of the summer is the costume which has a contrasting jacket. The lining jacket, any length, any color is a "must" for the girl who is vacationing. It is almost as much of a necessity for the one who stays home. The separate linen or plique coat, plain or wadded is very much worn. Linen hats are as popular as linen coats, but their only kinship is that they are both linen, they do not have to resemble each other, otherwise. Hats do not match this year, they supply contrast.

THE MEMORY LINGERS

Copyright, 1934, by Fairchild.

The plique jacket with short sleeves double-cuffed is posed over a plaid woolen skirt in black, white, green and yellow. Flaring cuffed gloves and saucy breton sailor repeat the plique.

It's Slenderizing!

A cool delight for town or country is today's lovely dress in refreshing cotton chiffon voile print. It's tubbikin, too. It's slenderizing! First, the cape is cross-over that detracts from bodice breadth. Then it is belted only at the back to slim the waistline, and the skirt has pointed panels so I might say, the skirt is slim. Then there are the little details, like the top silk, sheer linen print, chiffon print, crepe batiste, etc., and other nice fabrics for your choice for this easy to make model.

Style No. 2904 is designed for sizes 36, 38, 40, 42, 44, 46 and 48 inches bust. Size 36 requires 4 1/2 yards of 39-inch material (sleeveless dress).

It's smoother than smooth! Try HORTON'S MELOROL the NEW KIND of ice cream

FOR today's biggest surprise...

Just make a pilgrimage to the nearest fountain that displays the Horton sign—and taste Horton's MelOrol!

It is a new kind of ice cream, a better ice cream—immeasurably better than any you have ever before tasted!

For Horton's MelOrol is made a new way—by a process that makes it creamy, rich, smooth as velvet...and tasty almost beyond belief.

It is even packed a new way

—roll-packed—a wrapping that keeps it always as creamy-smooth as the moment it flowed from the freezer!

Try it in a soda or a sundae. Or just try Horton's MelOrol plain.

Horton's MelOrol comes in five of the world's favorite flavors—chocolate...vanilla...strawberry...coffee...and caramel-pecan.

Ask for Horton's MelOrol (look for "Horton's" on the roll-pack!) at any soda fountain that displays the Horton sign. Taste it—and see if it isn't the most delicious ice cream that ever passed your lips!

70 New CCC Workers Are Due at Boiceville

Shokan, June 28—Seventy new men will be enrolled at Camp No. 2, CCC, Boiceville, next week in order to replace those members of Company 215 who have resigned from the corps or about to complete their term of enlistment. Included among the retiring woodsmen who have been prominent in the activities of the camp during the last year are the following: together with their rank and place of residence: Joseph Arzo, storekeeper and leader, Brooklyn; Archie Brown, member, Ellenville; Clayton Christians, section foreman and leader, Olive Bridge; Haabrouck Christians, forestry clerk and leader, Accord; Frank Collins, member, Springfield, L. I.; Joseph Fallon, member, New York city; Harry Funtchel, member, Brooklyn; Edwin Ford, sub-section foreman, bugler and assistant leader, Phoenixville; Ben Frankel, camp mechanic, New York city; Arthur Hawthorne, member, Woodside, L. I.; Leo Heiman, member, Brooklyn, and William McCabe, member, of the Bronx.

Other old timers receiving their discharge are: Frank Michetsch, first cook and leader, Brooklyn; William Murray, member, New York city; James O'Boyle, member, Irvington; Russ Pupello, company clerk and leader, New York city; Leonard Raemer, infirmary orderly, New York city; Kenneth Short, assistant leader and sub-section foreman, Stephen's Brook, member, Brooklyn; Kenneth Wamsley, member, Phoenixville; Joseph Winkler, assistant leader and sub-section foreman, West Shokan.

At the above mentioned woodsmen, who were accepted at Camp No. 2, while the remaining members, except those from Ulster county, joined the service at Fort Totten. The policy in effect last winter of recruiting from local residents will be continued at the coming enrollment thus making the company still more strongly a local unit. Although many of the older men in point of service came from outside the county, they have for the most part become very fond of the people and country here and several of them have decided to find employment in this section.

"Little Stories for Bedtime" by Thornton W. Burgess

PETER LEARNS MORE ABOUT
THE VIREOS

"SPEAKING of the Vireo, Redeye seems to be the only member of his family around here," remarked Peter.

"Listen!" commanded Jenny Wren. "Listen! Don't you hear that warbling song way over there in the Big Elm in front of Farmer Brown's house where Goldy the Oriole has his nest?"

Peter listened. At first he didn't hear it, and as usual Jenny Wren

"That's Redeye's Cousin, the Warbling Vireo," said Jenny.

made fun of him for having such big ears and not being able to make better use of them. Presently he did hear that song. The voice was not unlike that of Redeye, but the song was smoother, more continuous and sweeter. Peter's face lighted up. "I hear him," he cried.

"That's Redeye's cousin, the Warbling Vireo," said Jenny. "He's a better singer than Redeye, and just as fond of hearing his own voice. He sings from the time Jolly Mr. Sun gets up in the morning until he goes to bed."

Annual Outing, Dinner and Dance. The annual outing, dinner and dance sponsored by the Congregation Ahavath Israel will be held on Sunday, July 8 at the Riffon Hotel, Riffon. Tennis, boating, fishing and other outdoor sports are open to all guests at the outing. At 6:30 a 13-course dinner will be served, followed by a specially arranged entertainment and dance. The general public is cordially invited.

TILLSON.

Tillson, June 29.—Mr. and Mrs. Marcus are visiting relatives in Schenectady and Amsterdam. Mrs. Sheffield is staying at the

at night. He sings when it is so hot that the rest of us are glad to keep still for comfort's sake. I don't know of anybody more fond of the treetops than he is. He doesn't seem to care anything about the Old Orchard, but stays over in those big trees along the road. Over in that Big Elm he's got a nest as high up as Goldy the Oriole's. I haven't seen it myself, but Goldy told me about it. Why anyone so small should want to live so high up in the world I don't know, any more than I know why anyone wants to live anywhere but in the Old Orchard.

"Somehow, I don't remember just what Warbler looks like," Peter confessed.

"He looks a lot like his cousin Redeye," replied Jenny. "His coat is a duller olive-green, and underneath he is a little yellowish instead of being white. Of course he doesn't have red eyes, and he is a little smaller than Redeye. The whole family looks pretty much alike anyway."

"You said something then, Jenny Wren," declared Peter. "They get me all mixed up. If only some of them had some bright colors it would be easier to tell them apart."

"One has," replied Jenny. "He has a bright yellow throat and breast and is called Yellow-Throated Vireo. There isn't the least chance of mistaking him."

"Is he a singer, too?" asked Peter. "Of course," replied Jenny. "Every one of that blessed family loves the sound of his own voice. It's a family trait. A good thing is good, but more than enough of a good thing is too much. That applies to gossiping just as much as to singing, and I've wasted more time on you than I've any business to. Now hop along, Peter, and don't bother me any more today."

Peter hopped.

WILL CLOSE OUT THEIR ENTIRE STOCK OF

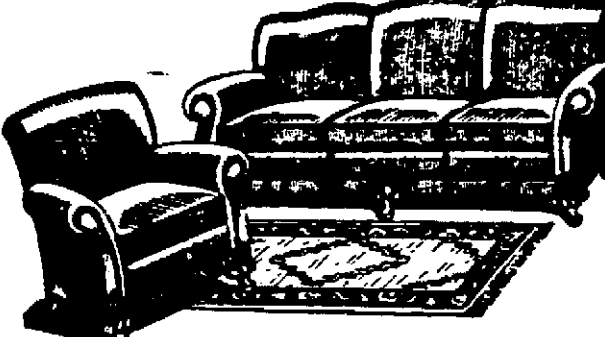

RUGS LAMPS FURNITURE BEDDING DISHES
LINOLEUMS ELECTRICAL APPLIANCES

Positively the greatest merchandise event ever in Kingston. Prices that will rock this entire section on Guaranteed Merchandise from America's leading factories. Don't take our word—Come, Look, Compare—Seeing is believing.

THE REASON

Just as Old Dobbin has been replaced by the automobile so must the merchandising and buying customs of up to the minute stores be changed. Therefore The Hardenbergh Company has joined the United Buying and Merchandising Service which gives them the buying power with over 50 of America's leading furniture stores. By doing this the good people of this vicinity will be given values that even chain stores cannot offer on reputable merchandise and last but not least it remains a privately owned store under the same management.

In order to do this all merchandise on hand must be closed out and also new stock will be added to acquaint the public with the great savings.

Financial and Commercial

New York, June 29 (AP)—Speculative forces apparently found no immediate stimulus for stocks in the president's address to the country and the equities market today climbed back in bed and resumed its more or less peaceful slumber.

Although most traders displayed little inclination to pick up shares, either for a "push" or a "pull", there also was no special selling urge in evidence. There were feeble rallies occasionally, but the drift was moderately lower throughout the greater part of the extremely dull proceedings.

Shares of Allied Chemical, U. S. Industrial Alcohol, McIntyre Porcelain and American Can recovered fractionally. Losses of around a point were registered by Case, U. S. Smelting, Union Carbide, Auburn, Chrysler, Sears, Roebuck, American Telephone, Johns-Manville, and American Commercial Alcohol. Unimportant variations were shown by Consolidated Gas, Union Pacific, Santa Fe, N. Y. Central, Howe Sound, Cerro de Pasco, Alaska Pipeline, Kennecott, American Smelting, General Motors, Western Union, U. S. Steel and many others.

Quotations given by Parker, McElroy & Co., members, N. Y. Stock Exchange, 120 Broadway, New York city; branch office, 252 Wall street.

Society Notes

Her 50th Birthday.

Mrs. Catherine Norton of 43 Pine street is today receiving congratulations on her 50th birthday anniversary.

Announcement.

Mr. and Mrs. E. Wright Maline of 42 Fair street announce the engagement of their daughter, Dorothy Ann, to Thomas J. Murphy, son of Mrs. Helen Murphy of Hoboken, N. J. The wedding will take place late in July.

Engagement Announced.

Mr. and Mrs. Roy E. Clark of Tillson announce the engagement of their daughter, Marion Frances, to Charles Frederick Hubbard, son of Calvin Hubbard of Stone Ridge. Miss Clark is a graduate of the Kingston High School and of the New Paltz Normal School, class of 1930.

Crosby-Moran.

Marlborough, June 29.—On Sunday afternoon, in the rectory of St. Patrick's Church, Newburgh, Mrs. Katherine Moran, daughter of the late Mr. and Mrs. Thomas Moran, became the bride of George Crosby, of Marlborough. Attending the couple were Miss Agnes Moran, sister of the bride and John Crosby, brother of the groom. A reception followed in the Marlborough Hotel. Both Mr. and Mrs. Crosby have been employed at the duPont factory in Newburgh. The couple will reside in Marlborough.

A Surprise Shower.

Thursday evening, June 28, a surprise shower was tendered Miss Ruth Kidd at the home of Mr. and Mrs. Joseph Genthner, 35 Garden street. The occasion was in honor of her engagement to David Smith of Kingsburg. There were present 21 friends. She was the recipient of many lovely and useful gifts. The evening was spent with many various kinds of amusements. After refreshments were served the guests departed wishing Miss Kidd many years of happiness. The guests were Rita Ummerie, Ruth Brockley, Rose Tierney, Ruth Kidd, Jennie Genthner, Mrs. A. Smith, Mrs. E. Kidd, Eleanor Gaddis, Katherine Coughlin, Rose Murtha, Rose Emmick, Thomas Chase, Fred Genthner, Joseph Genthner, David Smith, Charles Saccoman, Steve Genthner, Harold Gaddis, Joseph Coughlin, David Kidd, George Kidd.

Golden Wedding.

Tillson, June 29.—Mr. and Mrs. L. Merrin were very pleasantly surprised at their home Tuesday evening, June 26, in honor of their golden wedding. To the strains of the wedding march played by Mrs. Grover Dunn the bride, accompanied by her brother, Frank Davis, and the groom and his sister, Mrs. E. S. Quick, marched through the room led by the flower girls, Eva and Ruth Ida Dewey, carrying a beautiful basket of roses, to their places in the hallway, where the Rev. J. F. Emerick performed the mock wedding ceremony, which was very impressive. After the ceremony a program of solos, duets, recitations, quartets and musical selections was given, after which delightful refreshments were served. There were 53 relatives and friends present from Hlon, Stuyvesant, Sharon, Conn., Krumville, Samsonville, Ireland, Corners, Cottekill and Tillson. The "bride" received many beautiful and useful presents, including a substantial sum of money. All departed at an early hour in the morning, wishing the couple many more wedding anniversaries.

Mortensen-Snyder.

Woodstock, June 29.—Miss Catherine Snyder, daughter of Mrs. Leonard Snyder of Kingston, and the late Mr. Snyder, was married on Wednesday afternoon, June 27, in the presence of close relatives, at the parsonage of Christ Lutheran Church, Woodstock, by the Rev. H. M. Oberholzer, D. D., to Herchel Richard Mortensen, son of Mr. and Mrs. James P. Mortensen, of Minnesota. A small reception took place at the Snyder residence. The bride wore a gown of white mousseline de soie, and a white picture hat and carried white roses and lilies. Mrs. Raymond Snyder of Kingston was her sister-in-law's matron of honor. She wore light blue organdy, white picture hat and carried pink roses. Raymond Snyder, brother of the bride, was best man. Mrs. Mortensen is a graduate of the New York State College of Teachers, Albany, and has taught for the last three years in Albany public schools. Mr. Mortensen is a graduate of Minnesota University and is physical director in one of the public schools of Albany. After a wedding trip to Minneapolis by way of Canada, Mr. and Mrs. Mortensen will be at home in Albany after September 5.

Katz-Weisberg.

Miss Sadye B. Weisberg, daughter of Mr. and Mrs. Samuel Weisberg of Nanaucho, N. Y., and Attorney Herman L. Katz, son of Mrs. Jennie Katz of Brooklyn, N. Y., were united in marriage at the Brox Jewish Center on Sunday, June 24, in the presence of the immediate families and over a hundred other guests. The attractive bride was beautifully dressed in a white lace gown with a long train and veil, and carried a bouquet of white roses. She had as her maid of honor, her sister, Miss Mildred Weisberg of Elmville, who was charming in a maize crepe dress and carried tulle roses. The bridesmaids were Miss Gertrude Katz, sister of the bridegroom, in a light blue dress, carrying pink roses, Miss Augusta Kaplan, aunt of the bridegroom, in a pink crepe dress, carrying pink roses, and Miss Blanche Zwigman, a cousin of the bride, who wore a pink and blue dress and carried pink roses. The little flower girls were Ruth Worthington, cousin of the bridegroom, and Shirley Korn, a cousin of the bride. Mrs. Katz attended school in Elmville and is a graduate of the Elmville High School. For the past six years, she has held the position of secretary in the office of supervising principal, Attorney Katz graduated from Columbia University and the Brooklyn Law School, and is engaged in the practice of law in Kingston.

Body of an Infant Found in Quarry Hole

Workmen find body of female child wrapped in blanket and placed in a paper grocery bag—Interment in Rosendale Plains Cemetery.

Thursday afternoon workmen engaged in highway work on the road leading from Sunnyside to Lawrenceville observed a package lying in one of the old quarry holes along the road. On investigating they found it was the body of an infant which apparently had been there some time. Sheriff Saxe was notified and Sergeant Cunningham and Trooper Palumbo, who happened to be at the sheriff's office at the time, went to the scene. Coroner W. N. Connor was also called.

The body apparently had been there for some time and was badly decomposed. Coroner Connor brought the body to his undertaking parlors and Dr. Joseph Jacobson was called to make an examination. The body was that of a female child, fully developed and apparently had been a day or two old when taken to the place. The condition of the body was such that it was difficult to tell the exact age. Dr. Jacobson gave as his opinion that the body had been there for three or four weeks.

When found the body was wrapped in a blanket and had been placed in a paper grocery bag.

Swimming Season Now In Full Swing

Several Excellent Beaches and Swimming Pools in This Locality are All Well Patronized.

Warm weather has put the swimming season in full swing and daily hundreds of local people avail themselves of the various beaches and pools in the locality to cool off.

Not so many years ago Bath Beach at Kingston Point was the only full fledged bathing beach in this locality, but during the past few years the bathing business has increased. In the past Bath Beach was crowded with people who sought relief from the hot weather while others took advantage of the various "old swimming holes" in the vicinity. The Knappa creek was a familiar spot to the youths of yesterday and the Round creek docks were lined with kids who dived and cavorted about the water front.

Today there are several excellent beaches and swimming pools in the locality, all of which are well patronized. Bath Beach at Kingston Point still accommodates many bathers on its sandy beach. Across the Highlands bridge is Van's Pool, an artificial concrete swimming place. Spring Lake out Lucas avenue is the daily meeting place of many and Williams Lake near Binswanger is also a popular place. DeWitt Lake at Whiteport has been made into one of the popular swimming places and at Golden Rule Inn on Mirror Lake at Ulster Park there is a wood crib pool for those who seek shallow water while the more experienced swim and dive in the lake. Near Woodstock is Maverick beach and pool and up near Saugerties is the Schoentz swimming pool.

Despite the number of regular swimming pools and beaches many of the younger lads still prefer the seclusion and privacy of the "old swimming hole" where back to nature swimming is still enjoyed.

HIGHLAND

Highland, June 29—The Evening Reading Circle held its annual picnic Thursday at Watson Hollow with Mrs. C. C. Whitaker as hostess in the Whitaker camp. Those attending were: Mr. and Mrs. Alfred Coutant, Robert and Doris Coutant, Mrs. Richard Burton, Mrs. Averilla Buckhout, Mrs. Gladys Mears, Mrs. Edgar Boyce and five children, Mr. and Mrs. C. W. Rathgeb, Nancy Rathgeb, Mr. and Mrs. William Corwin, Danny Corwin, Mrs. Elmer Randall, Fred and Billy Randall, Mr. and Mrs. D. M. Busch, Dorine Busch, Mrs. Bertram Dimsey, Mrs. W. D. Bond, Mrs. George Hildebrand, Peggy Morris, Mrs. A. W. Lent, Misses Emily and Barbara Lent, the Rev. and Mrs. D. S. Haynes, Richard and Ruth Haynes, Mrs. Edgar Boyce was chairman of transportation and Mrs. Richard Burton of refreshments.

The Rev. Herbert Killinder spent a part of this week attending a summer conference of the Methodist Church held at Carmel.

Dr. George S. LaMoree has sufficiently improved from his sickness to be able to be down stairs.

With the exception of the Misses Catyria and Margery Columbe of Plattsburgh, all the out-of-town teachers had returned to their homes before Thursday. Miss Helen Sykes to West Warwick, R. I.; Miss Doris Dart to St. Johnsville; Miss Martha Benesch to Tyndall, S. D.; Miss Anna Taylor to East Orange, N. J.; Miss Marie Van Wormer to Slingsland; Miss Irene Geck to Buffalo; Miss Evelyn Wintermute to New York City; Donald Fellows to Saugerties, and Mr. and Mrs. Ross Clearwater have moved to Deposit.

Mr. Martha C. Schantz and Mrs. Philip Wilkoff attended the Third District Garden meet in Kingston on Tuesday as guests of the Little Gardens Club. They heard Sidney K. Clapp talk on Trees, and then visited many of the nearby gardens, also the Kelly garden at St. Remy.

The Friday bridge club was entertained today by Mrs. LeGrand Haviland, Jr.

Miss Catherine Wilkoff returned home last week from Oakwood School where she is a student.

ST. REMY

St. Remy, June 29—The annual flower show of this community will be held in the Sunday school room of the church on Wednesday, September 5, beginning at 1 p. m. The committee so far selected by the consistory are the Rev. P. Goertz, general chairman; Mrs. Hermon Kelley, advisory committee; George Kindner, exhibit committee.

The annual church carnival will be held on the church lawn on the evening of Wednesday, August 10. Music will be provided. Robert Hoffman is general chairman of this affair and new attractions are being arranged for by the committee in charge.

Air Mail Postage To Be Reduced Monument to Cantine

A reduction in the rate of postage on air mail to six cents an ounce or fraction thereof regardless of distance will become effective on Sunday, July 1. New 6-cent air mail postage stamps and stamped envelopes are in process of preparation by the Post Office Department and will be placed on sale as soon as possible. The former air mail rate was eight cents an ounce for the first ounce and thirteen cents an ounce for each additional ounce.

New air mail maps, showing the routes in operation July 1, have been placed in the lobbies of the Central Post Office, Uptown Station and about Station A. A careful study of the maps will repay anybody. Copies of the new maps also have been furnished to the local hotels where they may be consulted conveniently by guests.

The use of the air mail for all kinds of matter where expeditious service is necessary or desired is showing a remarkable increase. The new maps point out the advantages of the air mail in a striking manner.

Special Delivery With Air Mail.

In order that persons utilizing the air mail may obtain the fullest measure of service for the postage they pay at the air mail rate, the use of special delivery in connection with the air mail is advised.

Matter sent by airplane reaches the office of address sooner than if it is sent by train. When it gets there after the last regular carrier trip of the day of its arrival, delivery is not made until the following business day. This leads to disappointment, because the persons using the air mail service feel that they do not receive the benefits expected from the expenditure of air mail postage.

Prompt delivery and saving of time are effected by the slight additional charge for special delivery. When arrival at the destination will be too late for regular afternoon delivery or on Saturday or Sunday, or a holiday, both air mail and special delivery should be used.

Special Delivery For Speed

The post office calls attention to the fact that the domestic special delivery service is for speed. Special delivery should be used when quick handling, transportation and delivery are desired. If safety in transmission of special delivery articles is desired, they should also be registered or insured. C. O. D. articles may also be sent special delivery upon payment of the required additional fee.

With the approach of the Fourth of July, tourists and guests who wish to communicate with their families will use the air mail and special delivery services furnished by the postal service. It is preferable that the regular special delivery stamps be used. If ordinary postage stamps are used the words "Special Delivery" should be written or printed plainly upon the envelope or wrapper immediately above the address.

All small objects of more than nominal value, valuable documents or manuscripts, and any articles of the first, second or third class where extra safety in handling is desired, or when receipts showing the delivery of first, second or third class matter are wanted, should be registered. All first class mail intended for registration must be securely sealed in every respect. Mailable second and third class matter valued in excess of \$100 upon which a registry fee in excess of 30 cents is paid must be securely sealed and the first class rate of postage paid thereon. Losses in the registered mails average less than one per cent. Money never should be sent in a letter unless it is registered.

The new 6-cent air mail postage stamp will be identical in size and design with the present 8-cent air mail stamp, the only alteration being that of the denomination numeral to "6" and the color from orange-green to orange. The new air mail stamped envelopes will have embossed stamps corresponding to the design on the current 8-cent air mail envelopes with a change of the denomination numeral from "8" to "6", and will be printed in orange color.

Getting Acquainted With Air Mail

As the result of the distribution of air-mail maps to all of the public, parochial and private schools in this city some time ago, there is a feeling of intimate acquaintance with the air mail service in many homes in Kingston. These maps were used principally in connection with lessons in geography, and at the high school they were used in connection with the study of history.

The new air mail maps that have been posted at the Central Post Office and at the post office stations, as well as the local hotels, show that quite an improvement has been made in the set-up of air mail routes. The Post Office Department is making a nation-wide survey of the new air mail system for the purpose of affording air mail patrons the best possible service, and is making a careful investigation into the necessity of increased frequency of schedules on some lines.

DAR Dedicates Monument to Cantine

(Continued from Page One)

of Stone Ridge, as a representative of the Ulster County Historical Society made the presentation address. His ancestor was Matthew, a brother of John Cantine.

After Mrs. Kinney had sung "America the Beautiful," Martin Cantine, 3rd, of Saugerties unveiled the bronze tablet which reads as follows:

Boulder marks the location of lands patented in 1792 to John Cantine, 1735-1808.

John Cantine 1735-1808.

Colonel, Third Regiment, Ulster County Militia 1779-1781.

New York State Senator 1790-1797.

Elected to eighth U. S. Congress 1801.

In 1793 he was successful in negotiating a treaty with the Onondaga Indians to quit claim certain lands in New York state and in 1795 helped negotiate a similar treaty with the Cayuga Indians.

Erected by Cayuga Chapter, D. A. R. and the state of New York, 1934.

Mrs. Lydia Cantine French of New York City, who cooperated with the local chapter of D. A. R. in this memorial for her ancestor, made a short dedicatory speech and Mrs. R. W. Stewart as the representative of Cayuga Chapter placed a laurel wreath on the boulder.

Accepting the memorial, Assemblyman James R. Robinson said it is significant that "we stop to pay honor to public service, and our constitution is not in danger as long as the people meet in such gatherings to honor a man who helped to ratify."

Unveils Marker on Grave.

In Quick Cemetery the D. A. R. marker on the grave of Colonel Cantine was unveiled by Miss Frances Cantine of New York City, and dedicated by Mrs. H. G. Morgan, chairman of historic spots for Cayuga Chapter.

Mrs. C. B. Raymond and Mrs. Kinney sang "Beautiful Isle of Somewhere" and Victoria Cantine and Elizabeth Ann Vose of Corcoran Society, C. A. R. scattered flowers on the grave. The Rev. Mr. Wolcott pronounced the benediction and taps were sounded by Mr. Taylor. Boy Scouts Kermit Kruse, Gene Kruse, William Reed, Robert Barron and Douglas Copley assisted.

Descendants of Colonel Cantine and the visiting Daughters of the American Revolution were entertained at a tea given by Cayuga Chapter at the home of Mrs. Bertha Beard at Brooktondale.

The following descendants of Colonel Cantine were present: Helen Johnson Fohnsbee, Edward Cantine Lewis, Rochester; James Cantine, Stone Ridge; Mrs. Belle Cantine, Alice Cantine Huntington, Herbert F. Huntington, Ulster; Marilyn M. Cantine and Holley F. Cantine, Saugerties; Frances Cantine, Lydia Cantine French, New York City; Francis M. Cantine, Sara Lewis Cantine and Thomas George Cantine, Fulton; George Edward Cantine, Mrs. George E. Cantine, Marion Cantine Davis, Albany; George M. Lewis, Geneva; George Cantine Starkey, Waterloo; Franklin W. Heath, Swarthmore, Pa.; George Edward Stewart, Trumansburg; Emma Mandeville Morse, Dryden; El Dora Mandeville Stewart, Trumansburg; Maryn E. Lounsbury, Charles R. Lounsbury, C. R. Lounsbury, Mrs. C. R. Lounsbury, Helen D. Lounsbury, Mrs. Thomas Lounsbury, Mrs. Louise Lounsbury, John Lounsbury, Brooktondale; Ralph Cantine Mandeville, Arthur James Mandeville, Theron A. Mandeville, Carl F. Denman, Lena G. Marsh and Emma Taylor Merrell, Ithaca.

Beulah Patterson Brown Chapter, D. A. R. of Newark Valley was represented by Miss Susan E. Richardson, regent; Mrs. Charles I. Stone, Mrs. Adlebert J. Livermore, Mrs. Anna J. Tappan and Mrs. J. W. Paul. Those attending from Chief Taughanock Chapter of Trumansburg were Mrs. C. C. Taylor, regent; Mrs. Charles Savage, Miss Harriet Savage, and Mrs. D. P. Terry. Other out of town guests were Mr. and Mrs. Joel Horton and George H. Stewart of Trumansburg.

TOOK PILLS FOR YEARS THEN CEREAL BROUGHT RELIEF

Kellogg's ALL-BRAN Corrected His Constipation

If you are troubled by common constipation, read this letter:

"Just a word in appreciation of what your ALL-BRAN has done for my health. For years, I had been doing myself with pills and other dopes for constipation.

"I decided to try Kellogg's ALL-BRAN. Now I am in good health, and haven't taken a drop of medicine for six months."—Thos. F. Little, 564 E. Wheeling St., Lancaster, Ohio.

Headaches, loss of appetite and energy, sleeplessness—any one of these may be caused by common constipation. Yet this condition can be corrected, usually, by eating a delicious cereal.

Tests show Kellogg's ALL-BRAN provides "bulk" and vitamin B to help promote regularity. ALL-BRAN also furnishes iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much softer than patent medicines! Two tablespoonsful of ALL-BRAN daily are usually sufficient. Chronic cases, with each meal.

If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Serve as a cereal or use in cooking. At all grocers in the red-and-green package. Get ALL-BRAN, and see a part-bran product. Made by Kellogg in Battle Creek.

MEETACAHONTS

Metacahonts, June 29—The Working Men's Club will meet at the home of Mrs. Charles D. Osterhout on Saturday afternoon, July 1, instead of Wednesday, July 4.

Mr. and Mrs. Eli Osterhout and Mr. and Mrs. Stanley Kelder called at the home of Mr. and Mrs. Leontine Osterhout on Sunday afternoon.

After Traver visited his home in this place on Sunday.

Our pastor, the Rev. B. Scholten, will have his vacation during the month of July.

Mr. and Mrs. Henry J. Firna were supper guests of Mr. and Mrs. Charles D. Osterhout and son, James, on Monday evening.

Mr. and Mrs. Arthur Keider entertained friends on Sunday.

Davi's Beauty Shoppe Nine Outscores Clintonians, 17-2

Fred Davi's Crystal Beauty Shoppe broke out in a rash of extra base hits yesterday in the 17th game of the season, and crushed the Clintonians 17-2 in the most lopsided victory of the season.

Blasting the offerings of Art Wood, one-armed southpaw, for twenty-one solid hits, including three doubles, two triples and two home runs, the Beauty Shoppe toppers won with ridiculous ease. The Clintonians added to their miseries by fielding atrociously, committing no less than eight errors. It was the Beauty Shoppe's first victory after two setbacks.

While his teammates were battering the apple to all corners of the lot, Russo stopped the Clintonians cold with five hits and struck out nine batters. The Glasco hurler allowed only one hit in the first five innings. In the sixth the Clintonians combined two singles and a double to avert a shutout.

The Beauty Shoppe put on the greatest batting performance of the season in the third inning when they rushed over for three runs. Russo and Ascienzo clouted successive homers with two outs to start a mad stampede which saw Morrelli and Provenzano rap singles, Mills a triple and Camp a double. In the fifth the swarthy Latins slammed out five hits and took advantage of four errors to pile up eight runs, the biggest inning of the season. Four doubles and a single netted three markers as a final gesture in the seventh.

Third-sacker Mills took a big liking to Wood's delivery and poked out two singles, a double and triple in five times up. Ascienzo and Ferraro each collected three hits. Ascienzo's collection including a homer, double and single.

Pitcher Wood got the first hit off Russo with one down in the fifth when he rapped a hard drive to center. Ken Hyatt made a phenomenal one-handed stop of Morrelli's grounder in the first inning right over second base and nipped the Beauty Shoppe player with a good throw to first. Unfortunately he could not keep up the good work and subsequently was charged with three errors.

Tigers More Feared in American Than Ever

By HERBERT W. BARKER,
Associated Press Sports Writer.

Mickey Cochrane's Detroit Tigers were back in the west today, no longer in first place but, paradoxically enough, more feared than ever by the rest of the American League.

The significant development of Detroit's long road trip into the east was not that they were forced to surrender the lead to the New York Yankees but that they played so well that today they were only a half game from the top.

Pennants are won on the road and there was none to cavil at the Tiger record of ten victories and five defeats in the east. The Yankees, despite a spurt that gave them 12 victories in 16 games on their home grounds, picked up only a game and a half on the Tigers while Cochrane's surprising club was on tour.

Playing a one-day stand at home before leaving for another but shorter road trip in the west, Detroit squeaked out an 8-7 victory over the Chicago White Sox yesterday, in ten innings, and remained only a half game away from the Yankees who won a 4-0 shutout over the Washington Senators.

Red Ruffing scored his third successive shutout, his fourth victory in a row and stretched his scoreless innings to 29 as the Yankees downed Washington.

Bob Johnson's 23rd homer and Jimmie Fox's 21st helped the Philadelphia Athletics whip Boston's Red Sox, 7-1, in the only other game played in the major leagues.

Irish Block Will Play Clintondale

The Irish Block Nine will go to Clintondale Sunday for a game with the baseball team of that community. Last Sunday the Irishmen defeated Pine Hill and hope for another victory at Clintondale. July 6, the Irishmen are to play Clintondale at a doubleheader at Lakeville.

Clintondale holds one doubleheader with the Irish, 19-7. So far this season the Irishmen have won five games and lost three. Manager "Red" Lynch has announced the choice of a battery for Sunday. "Red" Zoller will pitch and "Red" Wenzel catch.

Ventilation For Bouts Tonight, Canzoneri, Hayes To Be Present

The ventilating system at the Municipal Auditorium will be in operation tonight for the card of American Legion welter boxing bouts and according to engineers will keep the temperature of the building at about 74 degrees while the leather slingers do their stuff in the squared circle.

At the last card of scraps the system was not operating because the temperature did not call for it. So tonight the mechanical cooling device will get its first trial.

Indications are that there will be a crowded house for the bouts featuring Joe Leone, prominent New York lightweight and Julie Katz, featherweight boxer, who started his career by winning two Golden Gloves championships.

Leone will battle Benny Brostoff, who recently fought Vittorio Tumanzini, in the Italian scrapper's American debut. The bout took place at Ft. Hamilton, headlining the card. It was stopped after the fifth round, Brostoff being unable to go on without suffering possible serious injury as the result of a cut over his left eye.

Katz's opponent is Artie Spelderman, who was picked for Julie because of his aggressive style. This sort of a battler makes the best showing against the former Golden Gloves champion, who likes to fight inside in the same fashion as Peter Hayes.

Leone's bout with Brostoff and Katz's with Spelderman are scheduled for eight rounds, being accompanied by features on the 32-round card.

As a special attraction two prominent title contenders will be at the fights. Tony Canzoneri, who technically knocked out Frankie Klick last night will be in Julie Katz's corner, he has promised, and Peter Hayes will direct the activities of Joe Leone, advising him between rounds.

FIGHTS LAST NIGHT

(By The Associated Press)

New York—Tony Canzoneri, 134, New York, stopped Frankie Klick, 133½, San Francisco, (9); Harry Dubinsky, 142½, Chicago, outpointed Billy Hogan, 140½, Piermont, N. Y., (10); Lou Amber, 136½, Hickory, N. Y., stopped Phil Rafferty, 140½, New York, (8); Kid Chocolate, 130, Cuba, outpointed Frankie Marchese, 133, Brooklyn, (10).

Letters H, I, J and K
of Phoenician Origin

Four letters of the alphabet, H, I, J and K, have had interesting developments. The first of them, H, was called bet in the Phoenician alphabet, from which it passed into the Greek language. The Greeks of Asia, however, lost the aspirate value of H. The western Greeks retained the aspirate, and it thus passed into the Latin alphabet and down to us.

The next two letters, I and J, are historically the same symbol. The letter J first appeared with an independent value of its own as recently as the Fifteenth century. Originally J was only a modification of the Latin I. The letter I, although inherited from the Phoenician alphabet, underwent considerable change in meaning and value to acquire its modern value. In the Phoenician I was yod and had the corresponding value of the English Y. The dot over the small i was a development of the Fifth and Sixth century. A. D.

Perhaps the least change since earliest times of any of the letters of our alphabet is the symbol K. In the Phoenician K was named kaph, which in Greek became kappa. Throughout K has represented an unvoiced guttural sound. In Latin K was to a great extent displaced by G, but K never was dropped completely. The letter O also replaced K in Anglo-Saxon through Latin influence. In English the use of C with the sound value of K is called the hard C—Chicago Tribune.

Ranchmen in Oregon Use Wells as Weather Guide

In the desert-like regions of Oregon, the cattlemen put their ears to the ground when they wish to find out if rain is coming. These arid lands have no surface water and the necessary liquid is secured from artesian wells, drilled through hundreds of feet of basaltic rock to the underlying gravel.

When the weather is settled these wells are quiet, but, on the approach of storms, strong air currents are driven off from the underground openings. In this way the wells provide accurate natural barometers for the ranchmen. What really happens is that the atmospheric pressure decreases in the region, causing a low pressure area, a term frequently used by the weather experts. This is always associated with rising conditions. The atmospheric pressure in these deep Oregon wells is, ordinarily, the same as that on the surface, but when a low pressure appears at the surface, the air in the well is then at a higher pressure. The high pressure air of the well then rushes out into the upper air until the pressure is equalized.

Anyone placing his ear close to one of these well openings will hear a strong humming noise, and sometimes feel a distinct rush of air against the face. At such times a piece of paper placed over the opening will be blown up to some height in the air. The more pronounced this uprush of air the nearer and more severe will be the storm.

Court Set Style for Women
What the well dressed woman must wear in the court of Judge Charles London, England, is not what fashion dictates, for when a young woman appeared before him with her hair cut short at a jaunty angle, he shouted: "Put your hat on straight, for goodness sake."

Provisioners to Play Highland Club at Hasbrouck Tonight

Mayflowers Will Oppose Grocers Sunday Afternoon—Next Week's Schedule Announced.

The Ulster Provision Association will be the host to the Cappy All Stars of Highland this evening at Hasbrouck Park at 6:30. Herb Van Deusen will be on the mound for the locals with Don Kelly receiving.

Next Sunday at Hasbrouck Park the U. P. A. will cross bats with Jack Clair's Mayflowers. A large crowd is expected as this game has turned out to be a grudge affair and is being played on the winner take all basis with some on the side. Jack hasn't announced his battery as yet but it is expected that either Lewis or Baker will pitch with Tomasek behind the plate.

Joe Scully or Gil Tessaloni will be on the mound for the U. P. A. with Don Kelly catching.

Next Week's Schedule.
July 4, U. P. A. vs. Woodstock at Woodstock.
July 5, U. P. A. vs. Berardi All Stars at Athletic Field.
July 6, U. P. A. vs. Huron Indians at Hasbrouck Park.

America Places Five In All-England Tennis

Wimbledon, Eng., June 29 (AP).—America had placed five men in the last sixteen of men's singles in the all-England tennis championships today, first time in the history of the event that any single nation has qualified so many for the round before the quarter-finals.

All four members of the Davis Cup team, Sidney Wood, Frank Shields, Lester Stiefen and George Lott, as well as the former Columbia University star, David N. Jones, still were in the running for the title Jack Crawford of Australia won a year ago.

At least one of these was certain to go out before the quarter-finals were reached. The pairings for the fourth round sent Wood against Jones. Shields was to face Christian Bousous of France next; Stiefen drew H. G. N. Lee of Great Britain, and Lott was to play Harry Hopman of Australia.

In women's singles, the American contingent had fallen off to three as a result of the all-United States match while Helen Jacobs won from Dorothy Andrus, 6-2, 6-1, in the second round yesterday. Miss Jacobs was to play Joan Ingram of England and Sarah Palfrey of Brookline, Mass., came up against Mrs. Kitty McKane Godfree, of England, in third round matches today. The third American survivor, Carolina Babcock, reaches the fourth round yesterday and was listed for a day's rest.

Diers Defeat Dems, To Play Connelly

Thursday night at Block Park the 7th Ward Dems were defeated, 4-3, by the Diers All Stars. One of the features of the game was a home run by Munnish of the Dems. Connelly and Flay made up the losing battery while Keller and H. Wood formed the Diers' battery.

Tonight the Diers play the Connelly Men's Club at the Hercules Diamond, Port Haven.

BILLIARDS

On Keller defeated Frank Schilling, 100-48, Thursday night at Nick's in the Junior Billiard tournament. High runs were Keller 16, Schilling 12.

This evening's match will be together John Canfield and Bill Nanning.

Young Women Are Best Drivers, Say Policemen

Philadelphia.—In spite of "dazzling" traits, women are good drivers, in the opinion of Philadelphia traffic policemen.

However, they should be taught young. One policeman reported that women who learn to drive when they are forty or fifty "are simply awful." They become rattled, he said, and "go haywire, stalling the car, flooding the carburetor, and then burning into tears."

A policeman in a downtown section said that his troubles would be fewer if drivers were all women.

"They try to abide by the law, but they sometimes lack confidence," he said. "I wish I could take some of the confidence away from young male drivers and give it to the women."

A handsome six-footer found women "a little difficult to deal with."

"Sometimes when I point out a fire plug to a woman who is parking she looks as if I had just put it there. We have to follow orders, and I try to be polite but firm. Sometimes the driver I get the less they seem to care. They just sit and look, and it makes me feel kind of goofy."

Ancient Chinese Process of Coloring Discovered

Cincinnati, Ohio.—Rediscovery of an ancient Chinese pottery coloring process, lost to ceramists for nearly 2,000 years, was announced at the thirty-sixth annual American Ceramic society meeting here by Edmund F. Curtis, instructor in the school of industrial art of Pennsylvania museum.

The process concerned the placing of an oxidized type coloring on pottery pieces. Only a few pieces of such work, known as Langao, are at present known to connoisseurs in the United States.

50-Year-Old Locomotives to End Service as Scrap

Eureka, Calif.—Two locomotives which were puffing from Humboldt county's redwood forests 50 years ago, hauling logs from which early Californians hewed a great western empire, are about to fall before the march of progress. The locomotives, constructed in 1880 by the Baldwin Locomotive works, will end their periods of service as scrap steel to be used in reinforcing the mammoth San Francisco bay bridge, wrecking company officials announced.

Sailors Lose Second Game Bowing To Mayflowers, 10-3 England Regains Open Golf Crown Today As Henry Cotton Wins Wood Advances Today To The Fifth Round HOLLYWOOD IN PERSON Launch Investigation Into Nation's Milk Eagle Hotel Sold At Foreclosure

Repeating their spirit of "Eight Bells" in the first game, the sailors lost the second game, bowing to the Mayflowers, 10-3, in a game played at the Kingston Yacht Club. The sailors, who were defeated in the first game, 10-3, thus handing the blue ribbon to the Mayflowers, who were victorious in their second setback in baseball during their stay in Kingston. The first was at the hands of the Kingston Police.

Several thousand spectators, one of the largest gatherings ever seen in the downtown Park, watched the game as the Mayflowers pelted the sailors for 12 hits, one a three-run homer by R. Williams. Peters and Baker, opposing Taylor, gave six hits. One was good for the circuit. It was Richardson's clout.

The Mayflowers scored two runs in the first, four in the second, two in the fourth and two in the fifth. Two of the Talbot men's runs came in the opening frame and one in the seventh.

The Seattle Dog
The Seattle dog is one of the many breeds which shows the result of painstaking care in its gradual development in shape, size and coat texture down through the years. There was a lot of controversy over this little fellow back some years ago. One belief holds that the Seattle has come from the hard-haired Highland dog of Scotland, which has developed to be the Cairn terrier.

England Regains Open Golf Crown Today As Henry Cotton Wins

Wimbledon, Eng., June 29 (AP)—Henry Cotton, 27-year-old British professional, today won the British open golf championship with a 72 hole aggregate of 283, tying the record for the tournament created in 1932 by Gene Sarazen.

After setting a record-breaking pace for his first two rounds, with a 67 and a 65, Cotton stuck his third round this morning in par 72 and faltered on the final round, taking a 79. He missed a three foot putt on the final green in his bid to break Sarazen's record, but his victory nevertheless ended a 10 year winning streak by Americans.

Trilled by a gallery of 5,000 stampeding and cheering Britons, Cotton went into the final round with a ten stroke lead over the field.

The pressure of the terrific pace of his previous rounds coupled with the shouting, bothersome crowd combined to almost cause the Briton's collapse.

Wood Advances Today To The Fifth Round

Wimbledon, Eng., June 29 (AP)—Sidney D. Wood, Jr., American Davis Cup player and titleholder here in 1932, today advanced to the fifth round of the English tennis championships with a straight set victory over the former Columbia University tennis and basketball star, Dave Jones, 6-2, 6-2, 6-4.

Frank Shields and his English partner, Nigel Sharpe, won their way to the third round of doubles with a 6-4, 6-2, 6-3, 6-2 victory over the English pair of J. A. Collins and G. C. Frank.

Leater Stetten, towering Californian, joined Wood in the quarter-finals with a straight set victory over H. G. Lee, English cup runner, 6-2, 6-4, 6-6.

HOLLYWOOD IN PERSON

By MOLLIE MERRICK

(Copyright, 1934, by the North American Newspaper Alliance, Inc.)

Hollywood, Calif., June 29.—Film circles are in a flutter over Superior Judge Marshall McComb's verdict that 10 per cent is too much for an agent's services to a film star.

The judge, who made the ruling in the case of little Shirley Temple, five-year-old artist now working for Paramount Studio, declared that Agent Berne Bernard was entitled to only 5 per cent of the little artist's salary. The judge also objected to a clause in the contract giving Bernard charge of Shirley's bank account. He also demanded that a clause, dealing with indefinite continuation of the agreement, be clarified.

Bernard, who is agent for 27 other picture stars, is busy drawing up another contract. It looks as if this court action may set a precedent.

Why, ask other artists, should they go on paying 10 per cent of their salaries when Shirley Temple only pays 5 per cent? And why should agents who only helped them in the beginning sit back and collect indefinitely on their efforts?

Hollywood's agent racket has long been acknowledged the richest in the business. Agents for film stars live in mansions more imposing than the famous stars they represent. They drive super-motors and have fortunes, in many cases, based on the earnings of their clients, many of whom are so famous and in such demand that the agent has merely to sit back and collect.

John Barrymore employs a Los Angeles bank manager as his representative to take charge of the income—\$65,000 a picture—which he receives. Gary Cooper has Jack Moss to watch his affairs. Bing Crosby's brother, Ed, takes care of his, and Carl Brisson also is managed by his brother, while Francis Lederer has a lifelong friend for this office. These stars, more or less, defeat the established agent racket as practiced in movieland.

When Darryl Zanuck suggested, en route to Europe, that opera would be the next forward step in sound pictures, he might have been gazing into the crystal in which Grace Moore's new film, "One Night of Love", was being recorded.

It becomes a matter of cinema history that opera has been neatly blended with a story to give a motion picture entertainment that truly entertains, yet, at the same time, maintains the highest musical and artistic standards.

Victor Schertzinger, composer of "Marcheta" and a musician who has for some years cherished a dream of putting over just such a picture with a star of opera, has achieved what hitherto has been regarded as impossible. He has combined the warring elements of highbrow entertainment—as opera is classed in movie circles—with the down-to-earth entertainment which screen fans adore. The result is a gay, merry melange which does not in the least lose in artistry and which achieves, in its final scene, an altitude that should be the envy of every operatic conductor.

Grace Moore, Metropolitan star who has a Hollywood figure and face, and Tullio Carminati are the principals, and, with an excellent cast in the background, make this film outstanding in summer cinema releases.

To Harry Cohn, radical maker of somewhat different pictures, goes the credit for making production news—i might say production history. This sets a new pattern for what may be done with operatic and symphonic music treated so that it becomes the most popular dish of the day with movie-goers.

Launch Investigation Into Nation's Milk

Federal Commission in Opening Its Inquiry Outlines Some of The Lines of the Investigation.

Washington, June 29 (AP)—The Federal Trade Commission launched today an inquiry into methods of supplying the nation's milk.

Many officials, including Secretary Wallace and his under-secretary, Bedford G. Tugwell, rank the problem second only to the water supply in importance to the people. They urged, and Congress passed recently, a resolution for the investigation.

Farm administrators say that in some cases farmers have received as little as 50 cents per hundred pounds for milk for which consumers paid from 6 to 14 cents a quart after it had been pasteurized, cooled, and delivered.

The trade commission started today to draft an outline of activity. Some of the lines of investigation outlined by the commission include:

Determination of the reasons for spreads between prices to farmers and to consumers.

Examination of special charges for various classifications of milk functions of state milk control boards.

Charges deducted from farmers' prices for market services.

Eagle Hotel Sold At Foreclosure

The Eagle Hotel on Main street was sold at mortgage foreclosure this morning at the court house by Clyde Gardner of Saugerties, referee.

There was a large number of spectators present when Mr. Gardner read the official notice of sale and the terms of the sale, but there was not one bidder. Virgil B. Van Wageningen, one of the attorneys for the plaintiff, who bid in the property for \$10,000 subject to the first mortgage of \$31,040.49.

This bid made by Mr. Van Wageningen was the first and only bid although there were at least 50 people present, including several real estate men.

Mr. Gardner stated that bids would be accepted subject to the mortgage and announced that out of the price bid would have to be paid some \$6,000 of back taxes.

Plaintiffs in the action were the First National Bank and Trust Company of Saugerties and the State of New York National Bank of this city, holders of second mortgages.

The Eagle Hotel Property is one of the landmarks of the city being a three story brick building, located in the business section Main street. In addition to the hotel property there was included in the sale the adjoining building which is leased as a dress shop. For several years the hotel has been owned and operated by William J. Turck.

Eugenie Diamond To Remain With Astors

Newport, R. I., June 29.—The Empress Eugenie diamond "will remain with the Astor jewels."

By a simple statement yesterday, John Jacob Astor, 54, cleared away the cloud of uncertainty which has hovered over that diamond since Ellen Gillespie returned to him after breaking her engagement to him. With Ellen Tucka French, who was to have been Ellen's bride-maid, but will become his bride, Astor will rehearse his wedding late today.

Tomorrow at 4 p. m. a string of incidents that kept whole towns talking will have their climax in the actual wedding.

A four-story mansion, a young millionaire, a 32-carat diamond and a handsome apology—a story that in its wide ramifications includes an Italian boxer and the Titanic disaster.

But it was a self-possessed "Jack" Astor who faced a press conference yesterday at "Chetwood," his new estate, conducted the visitors through his house and showed them the wedding gifts.

He disclosed that he "plans to learn some business, and later, establish a business of my own," that he attended St. George's School, class of 1932, and that he gave his bride-to-be, as wedding gifts, "an automobile and small pieces of jewelry."

Young Astor's father was John Jacob Astor, who lost his life on the Titanic. His mother is Mrs. Madeleine Force Astor Dick Flernonte, wife of the Italian pugilist, Enzo Flernonte.

The handsome apology in the Astor story was that required by his former fiancée's family before they would return to him the 32-carat diamond which had been given to Miss Gillespie as an engagement token.

UNION CENTER.

Union Center, June 29.—Mr. and Mrs. Lester Douglas were week-end guests of relatives in Millerton.

Mrs. Dell Fish of Walden is visiting her sister, Mrs. L. Freer.

Mr. and Mrs. Charles Palen of Esopus and Mrs. Jennie Terpenning were Sunday guests of Mr. and Mrs. R. Fowler.

July 4 is drawing near and preparations for the annual celebration are nearing completion. There will be an abundance of music, contests, entertainment and plenty of good things to eat. A. V. Schoonmaker is general chairman. Mrs. Lester Douglas, chairman of entertainment committee, and Mrs. A. V. Schoonmaker assisted by Mrs. R. Fowler, supper committee.

An Index Number

An index number is a number (generally a percentage) designed to indicate the general level of prices at any given date. It is formed from ratios of the prices of various staples at the date in question, as compared with some previous date which has been adopted as a standard and for which the index has been fixed at 100.

Paul Kauffman Hanged For Murdering Girl

Kansas City, June 29 (AP)—Paul H. Kauffman, 35, World War veteran and former minor league baseball player, was hanged in the county jail here today for the murder of 17-year-old Avis Womack of Webb City, Mo., whom he lured to Kansas City and attacked in Swope Park four years ago. His home was in Columbia, Pa.

The trap was sprung at 6:03 a. m. Kauffman protested his innocence, announcing from the scaffold that he expected someone to come forward and save him.

Prior to the first of his two trials, he confessed he met the young girl when she arrived from Webb City in response to his advertisement for a nurse-maid, choked her to death in the park after the attack and buried the body in a shallow grave. The body was discovered two months later after Kauffman had been arrested for an offense against another girl.

Calmly awaiting the execution, Kauffman smoked, wrote letters, tried to finish a song he had been writing and recalled his brief baseball career with the Reading Club of the International League.

That's Something
Jud Tashin says so many things have been debated that the climate is a relief. It's one thing concerning which nobody can be fooled.

Advance Crew Off For Scout Camp

The advance crew left today to open the Boy Scout camp located near Cairo in Greene county. The Kingston boys who left are: Robert Deaton, Edward Dootan, Ward Brigham, Arthur Boydon, Don Jacobs and Frank Ostrander. The other members of the advance party met the Kingston boys at the camp this morning and tonight will begin work preparing the camp for what promises to be the largest in the history of the council.

During the next few days the advance crew will be busy building a new dock, new tent frames, as well as putting the camp in readiness for the opening on July 8.

The council office sent word today to all members that there still remain but a few places in the First and Third periods, and urge all boys planning to attend camp to make immediate application. The Indian Village is full for the entire season, and there remain but a few places in the Camper and Pioneer Villages.

Anyone wishing further information about camp can secure same from the Council Office, 277 Fair street, Kingston.

Market for Fruits And Vegetables

New York, June 29.—(State Department of Agriculture and Markets)—The following quotations represent sales by commission merchants and other original receivers on the New York city downtown wholesale district up to 8 a. m.

The season's first carload of Big Boston lettuce from Oswego county and shipments from Orange county sold at 40c-60c per crate of 2 dozen heads for the best.

The very fanciest large size peas from upstate peddled out from \$1.50-\$1.62½; small and poorer worked out around \$1.25. Washington telephone peas in bushel hampers wholesaled at \$2.00-\$2.25.

Celery prices tended lower in a sluggish market. Supplies were fairly liberal and trading slow. The season's first carload from Michigan met a moderate outlet at 85c-\$1.00 per small high ball crate. Orange county and northern New Jersey celery, in the rough, packed in two-thirds crates were consummated at \$3.00-\$3.50 for the best.

Hudson valley sweet cherries sold from 50c-75c per 4 quart climax basket, while sour cherries of red varieties brought from 30c-35c and black 35c-40c.

Strawberry prices advanced sharply. Supplies were only moderate and with the demand fairly active, the market was in the seller's favor. Oswego county Chesapeake berries of the very finest commanded 25c-30c per quart basket while the best fruit of other varieties realized 20c-25c.

FREEMAN WANT ADS BRING RESULTS!

—what it means

—to blend and cross-blend mild ripe tobaccos to "weld" them together

THERE are a great many different kinds of tobacco grown in this country and abroad. No two kinds are quite alike.

Every variety has a different taste and other different qualities all its own.

Some have more natural sweetness than others—some add a rare spice and a rich aroma—some burn more freely than others.

To get Chesterfield's milder better

taste we take the right amounts of the right kinds of home-grown tobaccos, then add aromatic Turkish.

When these tobaccos are blended and cross-blended the Chesterfield way—balanced—each kind of tobacco helps to bring out the best smoking qualities of the others.

That's what blending and cross-blending means to Chesterfield—milder better taste. And that's why They Satisfy.
